

CAZENOVIA ARTISANS

We Have Two More New Members!

We are excited! We have two new members in the shop, and it is always fun to welcome new people into our cooperative and to have even more lovely arts and crafts to look at. We are very happy to share this work with you.

Betsy Sio's Creatively Upcycled Jewelry

Betsy Sio uses traditional metalsmithing techniques on uncommon materials. She loves discovering cool patterns and images in vintage and recycled tin containers, whether they held olive oil, cookies, or anything else. She then turns this tin into wearable pieces and useful objects of art.

Shawn Halperin's Carved Birds

Shawn Halperin is inspired by the landscape and occupants of the natural world. She lived for years in the Adirondacks and now lives near Limestone Creek and Green Lakes State Park. She loves to work with wood, either on its own or as part of multi-media art pieces. She likes to carve it, sand it, stain it and sometimes even sew it. Come see the lovely and surprising things she can do with wood.
