

Adornments: Pottery & Jewelry by Leslie Green Guilbault

In August we are featuring the unique ceramic art, jewelry, and bone carvings of one of our newest members, Leslie Green Guilbault of LGG Creative Art. Join us this Friday, August 3rd for a full day of clay-based activities (see details below) and an opening night reception for her newest line of pottery and jewelry—The Hamilton Collection. Leslie created these pieces using clay that she hand-dug in her home town of Hamilton, NY. She used this same clay for the Fingerprint Project, a county-wide community art project featuring a large ceramic crock that will travel to all 14 towns in Madison County to be decorated, one fingerprint at a time, by the residents. This piece, the names of the participants, photos, and stories from the road will have a permanent home at the Madison County Historical Society later this year. Leslie will have the crock at Cazenovia Artisans from 12-8 p.m. on Friday and encourages residents of all ages to take part in this free and fun community experience.

Join Us on August 3rd for an Artful Day!

Schedule of August 3rd events:

12-4 p.m. ~ Live pottery demo on the porch

12-8 p.m. ~ Fingerprint Project

5-8 p.m. ~ Opening Reception

Review Us on Google Maps!

Please help us get on the Map! Many of you have enjoyed shopping at Cazenovia Artisans, would you be so kind to take a minute and leave us a review? We are trying to get more of a presence out there on the web! Thank you! [Just click here and scroll down a little, look to your left, and you can leave us a review.](#)
