We are looking for presenters to share their careers with our 8th grade students. Choose the time slot that works best for you. Presentations will last approximately 35 minutes. Students will choose which presentations they attend during Career Day. Please consider presenting two to four times to allow as many students as possible to learn from you.

As you plan your presentation, here are some possible topics to include:

- Preparation & training needed
- Skills & attributes helpful for success
- Stories & anecdotes
- Interactive elements & hands-on activities
- Question & answer segment about your career

Please specify audiovisual equipment or other equipment needed for your presentation. We will do our best to meet these needs.

Feel free to share this flyer with others in the community you think would enjoy sharing knowledge and insight about their career with our 8th grade students.

Email Amy Cullen to confirm your participation in Career Day, ask questions, and let us know your equipment needs.
