

# THE BUSS REPORT

Andy Buss' Quarterly Newsletter  
April-June 2017

## Public Appearances

**June 7:** On this day I guided a teenager and his father on Lake Michigan to catch spawning smallmouth bass (left). The day was a major success as both of them caught Personal Best bass.

**June 3:** At a youth tournament (right) held on Eagle Lake (Edwardsburg, MI), I was partnered up with two young boys. The boys and I spent the day fishing for bass. I was able to show them many techniques, baits, and features on the boat.

**April 4:** I was invited by Elkhart County 4-H Youth Fishing Club to speak (left). Not only did I share fishing stories and favorite techniques, but I was able to bring my wrapped boat and showcase the features on it. It was one of the most enjoyable experiences I've had as an angler.

**April:** During the month of April, professional photographer [David Hamrick](#) photographed me several times on the water and featured some (right) on his website to sell.

**June 24:** Victory and Big Bass (left) at Webster Lake (Webster, IN) with the Day & Night Tournament Series! A 13.21 pound limit, including a 5.25 pound largemouth, was put together by punching mats and skipping docks.

## Tournament Success

**May 13:** A Second Place finish (right) on Winona Lake (Warsaw, IN) at the [R & B Bass Circuit West Division](#) tournament was especially difficult because I direct these tournaments as well. We weighed 15.67 pounds of spawning largemouth. *Additional media exposure extended on the circuit's website and LouieStout.com.*

**April 1:** A Fourth Place finish (left) in the [R & B Bass Circuit](#) Open Tournament on Lake Manitou, (Rochester, IN) was against many of the best anglers in the area. We caught 10.17 pounds of prespawn bass. *Additional media exposure extended on the circuit's website and LouieStout.com.*
