

The Buss Report

Andy Buss' Quarterly Newsletter
April—June 2013

Public Appearances & Events

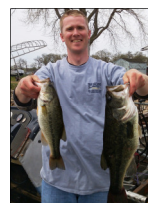

- **April 2013:** An article of mine, “Cranking up the Spring Heat,” was published in both publications the *Midwest Outdoors* and *Bremen Conservation Newsletter*. The article focused on using lipless crankbaits for pre-spawn bass.
 - **June 22:** Participated in the Super Shootout tournament held on Lake Michigan where the weigh-in was streamed live on radio station WJOB 1230 am: RegionBassBuzz.com.

August 10: Webster Lake

August 17: Austin Lake
August 31: Coldwater Lake
September 7: St. Joe River

September 15: Austin Lake
September 21: DeWart Lake

R & B News

April 20: Despite snow, wind, and muddy water, 43 teams came to our opener on Webster Lake proving once again we are the largest circuit within hundreds of miles.

May 18: The big turnout at Webster Lake was followed up by even a larger crowd at Tippecanoe Lake. 45 teams brought their skills to the water.

June 15: The biggest turnout in our circuit's history, 53 teams, came out to Lake Wawasee! Our average is now 47 teams per event. In an area with dozens of circuits and countless open tournaments, few, if any, receive the participation that we average. We now have 111 members halfway through the season. This is a testament to the atmosphere created.
