2. If there is a tie for tenth place, each contestant will advance to the Finals. If there are not 10 contestants in an event throughout the year, all students who entered a regular season rodeo will be eligible to compete.
3. If there are more than 10 contestants who competed in the regular season rodeos, but less than 10 who have accumulated points, the executive will decide on who is eligible to compete.
4. If there are less than 10 contestants to complete in an event, it will be up to the executive to decide if there will be high school contestants invited to compete at the Finals. Invitees will pay entry fees and compete for the payout, but will not be eligible to win the championship.

Rough stock no limit, but to be encouraged to be ready (event directors helping event run the best it can).

5. The horse's nose will be timed as it crosses the starting line.
6. A barrel horse shall not be ridden by more than one contestant in this event at any one rodeo.
7. During barrel racing events, the arena will be dragged at regular intervals, to be determined by the management. Turnouts and releases must be included in the count.
8. Following barrel racing events, the pattern will be dragged or levelled.
9. A contestant may enter the arena at the speed of her choice.
10. Backing horses into the arena will not be allowed. Must keep forward motion into main arena.
11. Arena gate must be closed immediately after she enters the arena, and kept closed until pattern is completed and her horse is under control.
12. Contestant may change horses in this event.

Event Rules

1. This event is open to girls only.

BARREL RACING PATTERN

Scoring and Penalties

1. Timed event judge will not flag contestant out until time is recorded.
2. Judge is to flag time, then flag contestant out if run is not legal.
3. Knocking over a barrel is a five (5) second penalty, per barrel. Should barrel be knocked over and it sets up on opposite end, the five (5) second penalty will be assessed.
4. Not following the clover- leaf pattern will receive a no time. A broken pattern shall be defined as breaking their forward motion to retrace their tracks to finish the pattern and/or passing the plane of the barrel on the off side. Example: Should a contestant run by a barrel and have to back up or turn around and retrace their tracks, this would be considered a broken pattern.
5. Contestant will be allowed legitimate time from the time she enters arena gate until her time starts by Field Flagger or electric eye.
6. Competitors must leave the arena at competition speed in break pattern or having problems in the arena.
7. Judge will determine legitimate problem for prestart time.
8. If horse recrosses starting line at any time before the pattern is completed, pattern will be considered broken and run will receive no time.
9. If contestant's horse breaks timer light, by backing through before starting pattern, time will be considered started.
10. If the arena requires an alleyway to meet the 45 feet requirement to start and stop, it is considered part of the arena and all rules apply to that alleyway.
11. A five (5) second penalty will be assessed if the contestant enters the arena without her hat on her head.
12. When the electric eye fails to work for one or more contestants during a performance, the manual back-up time will be used for those electronically missed. The electric eye controlled times will remain unaltered.
13. Assistant helping barrel racers will not be allowed to go past the plane of the main arena gate when they are entering the arena or the contestant will receive a no time. When using the alleyway and closing the back gate on alleyway for stopping, assistant can offer assistance to riders up to the main arena gate, at the discretion of the arena director.
14. The contestant is allowed a running start. If the gate is centrally located, contestant must keep forward motion toward the first barrel. If a side or corner gate is used, a single spin or pivot is acceptable in either direction or by the Arena Director's approval. Failure to comply will be a no time. Contestant must be mounted when entering the arena.

Reruns

1. No rerun will be given due to faulty or broken equipment furnished by contestant.
2. The battery digital clock will be the first backup time and digital hand-held watches to be second backup time. When both the digital clocks malfunction and no time was recorded from digital watches, contestant will be given a rerun at a time designated by the judges and arena director, plus any penalties.
3. Contestants will carry any penalties with them if they are granted a rerun. If the barrel racing is moved, postponed or rerun for safety reasons due to ground conditions, reruns will be penalty free.

Equipment Necessary

Twin units of battery power electric eyes with one electric power digital clock and one battery power digital clock and two (2) hand held battery power digital watches in hundredths shall be used, with the time indicated by the electric eye timers, or, if necessary, the average of the watches used by the official timers to be the official time.

5. Complete electric timer must be backed up by a flag man. One timer will record the times that appear on the electric eye controlled readout. Two timers will operate the digital watches and record the average time which is shown thereon. These two timers will operate from the flagman's signals.
6. Permanent markers should be put in the ground for the electric eyes. Electric eyes should be placed on the starting line no closer together than the width of the first two barrels and for the electric eyes to be centered on pattern for each performance.
7. Position on fence for flagman should be well marked. These markers should be checked every performance along with the barrel markers and restaked if pulled out. A record of these measurements shall be kept.
8. Set timer beforehand in the same height and position and lock the legs.
9. Barrels are not to be used as stands for the electric timer devices.
10. Barrels to be 55 U.S. gallon light steel drum with both ends intact.

Scoring and Penalties

1. Timed event judge will not flag contestant out until time is recorded.
2. Judge is to flag time, then flag contestant out if run is not legal.
3. Knocking over a pole is a five (5) second penalty, per pole.
4. Not following the pole bending pattern will receive a no time. Example: Should a contestant run by a pole and have to back up or turn around and retrace their tracks, this would be considered a broken pattern. When both the digital clocks malfunction and no time was recorded from digital watches, contestant will be given a rerun at a time designated by the judges and arena director, plus any penalties.

3. Contestants will carry any penalties with them if they are granted a rerun. If the pole bending is moved, postponed or rerun for safety reasons due to ground conditions, reruns will be penalty free.

9. Barrels are not to be used as stands for the electric eye timer devices.
10. Poles used for this event must have rubber bases.

Breakaway Roping

Time Limit

1. There will be a thirty (30) second time limit
2. Time limit for arena entry – 45 seconds can start any time after the barrier is strung and any time once your name is called in other timed events. The judge can start stop watch any time and contestant will be unable to compete if they fail to start their run within this limit. Rough stock no limit, but to be encouraged to be ready (event directors helping event run the best it can).

General Rules

1. Contestant may change horses in breakaway roping.
2. Roping Box—shall be part of arena during roping events.
3. Refer to Score Line Diagram.
4. Once score line has been set in timed events, it will not be changed in that go, nor can length of box be changed.
5. Lap and Tap - No barrier to be used. If barrier judge is used to flag the start, he shall flag the animal when animal's nose crosses the starting line.
6. The line judge must have a tape measure in his possession in case the short end of the barrier is carried. The pigtail of the barrier should not exceed 10 inches in length. A longer pigtail on a barrier will often be carried when the barrier should have been broken. If the pigtail is carried more than 10 feet from the pin, the barrier may be waived, providing the contestant did not obviously beat the barrier. However, if the contestant has obviously broken the barrier you may still impose a beating-the-barrier penalty.
7. Should the barrier break at any point other than designated breaking point, the decision is up to the barrier judge. If contestant obviously beats the barrier, but the staples are pulled or barrier rope is broken and string unbroken, barrier judge may assess a ten- second fine. Otherwise, this will not be considered a broken barrier.
8. If automatic barrier does not work, but time is recorded, contestant will get time, but there will be no penalty for broken barrier.
9. If automatic barrier fails to work and official time has not started, contestant will get stock back if stock is qualified on in the field, therefore entitling contestant to a rerun without penalties.
10. If automatic barrier fails to work, and stock is brought back, contestant must take same animal over during or immediately after the same performance.
11. If barrier equipment hangs on animal and contestant tries the animal, she accepts the animal. If contestant pulls up, she will receive the same animal back.

12. Calf belongs to contestant when she calls for it, regardless of what happens, with the following exceptions:
 - a. In any timed event, if an animal escapes from the arena, the field judge will drop flag and all watches will be stopped. Contestant will receive original animal back with a lap- and- tap start. Time already accumulated will be added to time used to complete the qualifying run. If time is not recorded, the contestant will receive a 10- second penalty for any jump or any loop used.
 - b. In case of mechanical failure.
 - c. If, in the opinion of the line judge, contestant is fouled by barrier, contestant shall get her calf back, providing contestant declares herself by pulling up. A contestant's rope cannot be fouled by the pull rope.
13. A contestant must be on her horse and her horse must break the plane of the barrier with her draw breaking the plane of the score line before she is allowed to compete.
14. Time to be taken between two flags.
15. It shall be the contestant's responsibility to check their stock to make sure it is the stock drawn for them or results in a no time.
16. This event shall not be conducted with an open catch pen gate at any rodeo.

Event Rules

1. This event is open to girls only.
2. One loop only.
3. Rope is to be tied to the saddle horn with nylon string. A knot must be at the end of the rope with the string tied at the knot. There will be no tail. A white flag that is visible to the flagman or judge must be attached at the knot end of the rope.
4. Rope must be tied to the horn with a nylon string and may not be run through bridle, tie down, neck rope or any other de vice.
5. String will be provided and will be inspected by designated official before each contestant competes.
6. A dropped or fallen rope that must be recoiled and/or rebuilt shall be considered a thrown rope.
7. Only a white cloth must be attached to the rope at the saddle horn so the judge can tell when the rope breaks from the horn.
8. The calf's head must pass through the loop. The loop must draw up on any part of the calf's body behind the head.

9. Rope must be released from contestant's hand to be a legal catch.
10. In case the field flag judge flags out a roper that still legally has one or more loops coming, the judge may give the same calf back lap and tap, plus time already lapsed and any barrier penalty.
11. Rope must be released from contestant's hand to be a legal catch.
12. Ropers must be mounted when time is taken.
13. In case the field judge flags out a roper that still legally has one loop coming, the judge may give the same calf back, lap and tap, plus time already lapsed and any barrier penalties. Contestant to only get to use remaining loop.

Scoring and Penalties

1. In order for time to be considered official, barrier flag must operate.
2. Timed event judge will not flag contestant out until time is recorded.
3. Judge is to flag time, then flag contestant out if run is not legal.
4. There will be a ten- second penalty assessed for breaking the barrier.
5. Roping calf without releasing loop from hand will disqualify catch.
6. Contestant will be disqualified for any abusive treatment of calf or her horse.
7. The contestant will receive no time should she break the rope away from the saddle horn by hand. However, if the rope should dally around the horn, the contestant may ride for ward, undally the rope and then stop her horse to make the rope break away.
8. If any part of the pusher breaks the plain of the chute gate before the calf releases the barrier, the contestant receives a no time.
9. No rattling of chute. A timed event contestant may not have someone rattle the chute for her. This applies in both the performance and the slack. The contestant and/or person rattling the chute shall be disqualified.
10. When the contestant calls for the calf, no further assistance can take place after that. If the helper starts the horse or holds the horse in any way that affects the scoring process, contestant will receive a no time.
11. Time should be taken with the average of two (2) times at all Rodeos.

Re Runs

1. In any timed event, if an animal escapes from the arena, flag will be dropped and watches stopped. Contestant will get animal back with lap and tap start, and time already spent will be added to time used in qualifying plus barrier penalties, if any.
2. During any performance if an animal escapes the chutes or pens before it is called for by the contestant, or if an automatic barrier fails to work and the stock is brought back, that animal will be returned by the arena director and the labor crew during or at the end of that performance in the same manner he was originally worked or brought to the pens for contesting. At least several head of animals will be brought back together. No animal may be repenned by itself. Decisions will be made by the arena director about when stock is repenned.
3. No rerun will be given due to faulty or broken equipment furnished by contestant.
4. If the judge sees he has made an error in flagging, he must declare a rerun before the contestant leaves the arena.
5. A calf must be rerun before it is used by another contestant.
6. When both the digital clocks malfunction and no time was recorded from digital watches, if stock was qualified on in the field, contestant will be given a rerun at a time designated by the Judges and the Arena Director, plus any barrier penalties. If barrier penalties, then lap and tap start.
7. In breakaway roping, if an animal fails to break the neck rope and time is officially started by the contestant, that animal belongs to the contestant. However, if time is started by the animal and the breakaway roper remains behind the plain of the barrier for approximately 10 seconds that animal should be considered a sulking animal and replaced using the misdraw procedure.

Officials

1. There shall be two or more timers, a field flag judge, and a barrier judge.
2. A third official may be used to help determine legal catches or any infractions of the rules. This official need not be mounted.
3. Flag judge will make final decision.
4. Barrier judge is responsible to change barrier string whenever it may have been weakened, or on request of next contestant.
5. Barrier judge shall keep a record of the length of the barrier trip rope each performance to assure the same start for contestants each performance.
6. Barrier equipment must be inspected by the judge before each timed event. If equipment is faulty, it must be replaced.
7. Barrier Judge shall be sure that nobody can stand close enough to barrier or barrier equipment to tamper with same.
