The 2014 Board of Directors are very motivated and looking forward to a very productive year with Owsim inc.

** Several committees are currently looking for a few members that are willing to commit a few hours per month. This is your industry ... Be part of the voice! If you can contribute a few hours monthly contact the office and we will direct you to the appropriate committee.

** As you may be aware of, OWSIM Inc. submitted a letter to Manitoba Conservation raising some concerns that are falling within the industry .

We have received a response and Donna Smiley addressed the concerns within the letter at the AGM and answered many questions that had arisen from within the letter.

Murray Gillespie also spoke at the AGM regarding his time spent in Northern Manitoba. He brought several interesting samples of Hides. Antlers , etc. Also spoke at length of the onsite systems used at the remote northern camps, one of which was contracted by a past OWSIM Inc Member. Very informative and very well received.
