

You Are Invited to Attend the January 25, 2019 Education Day Winnipeg, MB

Please join the Onsite Wastewater Systems Installers of Manitoba (OWSIM) and the Western Canada Onsite Wastewater Management Association (WCOWMA) in onsite wastewater education day being held in Winnipeg on January 25, 2019.

Ongoing continuing education is important to contractors in the onsite wastewater industry to further professionalize the industry and to equip installers with up-to-date information both from a regulatory standpoint and from a technical perspective.

OWSIM and WCOWMA members attend free of charge. Non-members are invited to attend as well, for a fee of \$25.00.

Come and see the technologies available to the onsite wastewater industry. Hear about the changes Manitoba Sustainability has for our industry and participate in the presentations on pressure distribution, pump selection, advanced treatment and product certifications. An open forum discussion will take place at the end of the day.

The doors open at 9:00 a.m. The exhibits open at 10 a.m. and presentations take place throughout the day. Join your fellow stakeholders and vendors for lunch and then participate in the afternoon sessions. At the end of the day, we will draw for door prizes and close with some final remarks.

We hope you will take advantage of this opportunity to support the onsite wastewater industry in Manitoba!
