## NEW ADDITIONS to CURRENT Policies and Procedures

### Tuition and Fees

- 1) **Registration Fee/ Recital Fee\*** due upon enrollment:
  - a. \$60 (\$25/\$35\*) per student (includes 2 complimentary recital weekend passes )
  - b. \$75 (\$40/\$35\*) per family (includes 2 complimentary recital weekend passes)
- 2) **Tuition** – Based on minutes/hours taken per week, per student charged on a monthly basis. Tuition is due by the 15th of the month, and will be charged a \$15 late fee if paid after. There will be a service charge of \$25 on any returned checks. **A one-month written or emailed notice is required to withdrawal registration. If there is no notice received, you will be charged for each month of missed classes. NO refunds will be given.**
- 3) **Payment Plans:**
  - a. **Plan #1:** Monthly tuition payments of entire annual cost divided into 8 equal payments. Total annual tuition cost divided by 8 = your monthly payment. 8 payments run September – April.
  - b. **Plan # 2:** Semester tuition payments entire annual cost divided into 2 equal payments. Semester payments receive a 5% discount. Total annual tuition cost less your 5% discount divided by 2. Payments Due September 1<sup>st</sup> and then again January 1<sup>st</sup>.
  - c. **Plan #3:** Annual tuition payments receive a 10% discount. 1 payment for the full 8 months of tuition up front. Total annual tuition cost less your 10% discount.

- 4) **Other Available Discounts Offered:**
  - a. Multi-Student Discount is another discount that we offer offer to families who have more than one student taking classes at RADT. If your family qualifies for a Multi Student Discount that family will receive a discount on their total annual cost that corresponds with the number of students in the household taking classes . Multi Student Discount can be applied to all payment plans. See table on the next page to see if your family qualifies for an additional discount.

### Multi Student Discount Table

# of Students in House Hold	% of Discount to be applied to total annual cost
2	10%
3	15%
4	20%
5+	25%

5) Example of Multi – Student Discount for each payment plan:

a. Plan # 1: (Monthly Tuition Payments)

- i. 2 Students taking 1 30min each per week would look like: \$35 (for 30min Class) X 2 (Students) = \$70/month. Then you would take \$70 (monthly tuition cost) X 8 (Months) = \$560.00 (total Annual tuition cost). \$560 (total annual tuition cost) – 5% = \$532.00 (new total annual tuition cost). Take your new annual tuition cost divided by 8 to get your new monthly payment of \$66.50/month.

b. Plan # 2: (Semester Tuition Payments)

- i. 2 Students taking 1 30min each per week would look like: \$35 (for 30min Class) X 2 (Students) = \$70/month. Then you would take \$70 (monthly tuition cost) X 8 (Months) = \$560.00 (total Annual tuition cost). \$560 (total annual tuition cost) – 10% (5% for semester payment + 5% multi-student) = \$504.00 (new total annual tuition cost). Take your new annual tuition cost divided by 2 to get your new semester payments of \$252/semester.

c. Plan # 3: (Annual Tuition Payments)

- i. 2 Students taking 1 30min each per week would look like: \$35 (for 30min Class) X 2 (Students) = \$70/month. Then you would take \$70 (monthly tuition cost) X 8 (Months) = \$560.00 (total Annual tuition cost). \$560 (total annual tuition cost) – 15% (10% paid in full discount + 5% multi-student) = \$476.00 (new total annual tuition cost).
