

IN CHRIST'S NAME WELCOME TO CALVARY

Everyone is invited to sign the friendship registers located at the end of each pew.

KIDS CORNER is a place where you can find kid-friendly items to use during Worship. It is located in the Narthex next to the coat room.

LOOKING FOR A FEW GOOD

MUSICIANS! Children and Youth are invited to share their musical talents for the Christmas at Calvary Christmas program on December 15. We are looking for kids who would be willing to play a solo as part of the prelude or postlude time. This might be a piano solo or violin or clarinet-whatever it is that you play! All levels of musicians are welcome! Please contact Vicar David by November 30 if you are interested in playing or with any questions! Call 235-2508 or david@calvarywillmar.org

CALVARY BELLS will meet in November on Mondays at 5:45 PM in the Choir Room. We are getting ready to play during the Christmas season. It is a short term commitment, if interested in being a Calvary bell ringer or have any questions, please contact Jean Berg at 235-8157.

LIBRARY VOLUNTEERS

We are still in need of individuals who are interested in helping in the library. The library is currently open Sundays from 8:45-10:15 am. We would like to have enough volunteers to have the library hours extended on Sundays and possibly be open on Wednesdays (late afternoon/early evenings). If you are interested in helping or have questions, contact Janel Skindeliem at 235-2508 or janel@calvarywillmar.org.

A CREATION CARE TIP on preventing plastic pollution. What is healthy for us is also healthy for the environment and this includes reducing the use of single-use plastic. Many products come wrapped in plastic and though it's convenient, it's polluting our earth and it never goes away. Plastic is made from petroleum and is loaded with chemicals that leaches from landfills into soil and water, animals die when they consume plastic. Be a wise consumer by looking for items that are not packaged in plastic. Reduce the use of single-use plastic bags. Refuse them at the grocery store and use paper bags. Only about 3% of plastic bags get recycled; the other 97% ends up in landfills because it's cheaper to just make new bags than to make them out of recycled bags.
