

**Macon Mayhem Caleb Cameron 2018-19 game worn helmet, size 7-7 3/8.**

Sundridge, Ontario native Caleb Cameron played four seasons of collegiate hockey for the Rochester Institute of Technology where he earned Atlantic Hockey All-Academic Team honors in his senior year. Cameron signed a pro tryout contract with the ECHL Adirondack Thunder in September 2017 and made his ECHL debut on Oct. 21, 2017. He joined the Mayhem in November and quickly became one of the top scorers in the league. He was named the Warrior Player of the Week for December 17-23. This led to him being signed by Greenville in the ECHL for five games. While with Macon in 2017-18, Cameron scored nearly a point-per-game with 20 goals and 20 assists in 45 games. In his second season with Macon, Cameron had 10 goals with 18 assists in 56 games. This Warrior Covert PX2 helmet was designed with optimal impact protection and a streamlined fit. Premium quality VN foam made in the USA provides great comfort as well as provide for optimum protection from a wide range of both high and low forces and the two-piece shell sliding adjustment system gives players a pro fit and look. In addition to Cameron's number 10, there are secondary team logos on each side and the SPHL logo on the back. In addition, a decal to honor the memory of teammate Jake Trask's baby girl is on the back. It is fitted with a Tron S40 visor. I purchased this directly from the team at the end of the season.
