

### Harold Phillipoff Sherwood game used hockey stick.

Harold Phillipoff played for two seasons in Atlanta before being sent to Chicago in the blockbuster trade that involved eight players, including Tom Lysiak. This Sherwood stick has a very distinctive tape job on the butt end but I was unable to locate any pictures of Phillipoff that showed him using this type of stick. There is a small hole drilled through the stick indicating it had been displayed at one time. I acquired this stick from a long-time collector of Atlanta Flames jerseys and memorabilia.
