

Macon Whoopee 2001-02 goalie sized equipment bag.

This large oversized equipment bag was obtained from the former equipment manager for the Macon Whoopee. The presence of the team logo suggests to me that it was from the Whoopee's ECHL season rather than from the CHL. Since the Whoopee folded and relocated to Lexington after their one and only season in the ECHL, this is just further evidence that this bag was no longer needed by the team. As I recall, the equipment manager stated he used this bag to carry much of his supplies home at the conclusion of the season. This bag was made by Varsity Bags in Fergus Falls, MN and is constructed from thick nylon fabric and has a zippered clear pouch for the player's name. A heavy duty zipper and metal sliders on the bottom complete this heavy duty bag.
