

**Atlanta Thrashers Johan Hedberg 2006-07 game worn jersey, size 58G.**

This Reebok white road jersey was worn by Johan Hedberg in his first season with Atlanta. This was the last season for the bottom stripe with the arrows and the feathered trim on the sleeves. The embroidered Thrashers logo is sewn on the front, as are the two alternate logo patches on each shoulder. Two color twill letters make up the sewn player nameplate on the back. Player numbers, in two color sewn twill are located on the back and on both sleeves. The embroidered NHL shield is sewn on the rear hem. Hedberg played in twenty one games for the Thrashers so this jersey shows the expected puck marks and red paint. There are some curious yellow stains on the front and right sleeve that I assume may be from Gatorade. This jersey has been photo matched to photos of Hedberg taken in October, 2006, and is complete with a letter of authenticity from the Atlanta Thrashers and Meigray. I purchased it on eBay from another collector.
