

**Columbus Cottonmouths Sebastien Parent 1999-00 game worn jersey, size 54.**

Jonquiere, Quebec native Sebastien Parent originally came to Georgia when he joined the Macon Whoopee near the end of the '96-97 season. Parent returned for '97-98, playing in 48 games for Macon before being dealt to Memphis. After spending the '98-99 season in the West Coast Hockey league, Parent was picked up by Columbus for '99-00. After ten games with no goals and two assists, Parent was waived and he returned to his native Quebec to play semi-pro hockey. The front of this yellow CCM jersey customized by Custom Crafted of Massachusetts has a screened over twill snake head primary logo sewn on. The back and sleeves have sewn on two color snake numbers that are screened over twill. On the shoulders are two smaller screened over twill snake head patches that are sewn to the jersey. Also on the front is a sewn on screened Peachtree Mall sponsor patch. Sewn to the left sleeve is an embroidered CBM memorial patch, in memory of the original owner Charlie Morrow. On the back is a sewn on cloth nameplate with the player's name in single color sewn twill. On the bottom rear is a sewn on screened CHL logo patch, a screened on Custom Crafted logo and the CCM logo embroidered directly to the jersey. There is nice game wear on multiple areas of this jersey considering Parent's short tenure with the team. I purchased this item from another collector.
