Board Position to which you are applying?

Park District Commissioner

Part 2.

Why do you wish to serve on the Board?

It's very simple. Serving on the Park District Board provides me a modest way to give back to our Village which I am so proud of.

What strengths, skills, and personal attributes will you bring to this board position?

I bring no personal agenda to the board, I'm an objective thinker, team player and a 31-year resident of Lake Bluff.

What do you see as the most pressing issues facing this board?

- Maintain fiscal sustainability while staying ahead of resident interests, recreation trends and economic downturns.
- Determine how golf may or may not fit into the long-term strategy of the community's recreation needs.
- Continue to maintain existing assets to the highest standards which the community expects and deserves.

What decision or goal reached by this Board are you most pleased with and why?

- There are a number of things but I will highlight just two:
- The Park District referendum passed with a 71% approval rating! The projects have moved along in an expeditious fashion for the community to witness their tax dollars in play.
- Secondly, the Park District has just recently received Accreditation which speaks to the total commitment from the Board and entire staff.
