SUPPORT VOTE LAKE BLUFF CANDIDATES:

- They are community-minded, independent-minded and glad to serve us to their utmost
- They are extremely well-qualified, create their own individual platform, and will vote their conscience beholden to no-one
- These candidates are not given litmus test issues; they do not have single-party affiliations; they will conscientiously represent all of us.

WHY WE SHOULD CARE ABOUT THE APRIL 4TH ELECTION FOR LFHS BOARD MEMBERS:

- Our public school's historic and consistent excellence is not debatable, it's a fact
- Our high school and middle schools can be negatively impacted by campaign rhetoric
- Your property values can be negatively impacted by campaign rhetoric
- Loose talk will divide our communities, so look for the candidates who understand the quality we have **and** will also strive to improve it
- Negative misinformation is hard to address: it gets repeated, it gets exaggerated, and that sort of "news" unfortunately travels fastest

*RightTrackLFHS is a campaign committee to support the candidates vetted at open meetings of VoteLB and LF Caucus

DO YOU KNOW.... The local caucuses have many decades of history. They look for the best candidates throughout the two elementary districts that comprise Lake Forest High School. Our two local caucuses actively seek a variety of individuals, each with unique skills, united by their desire to serve you. These individuals then present themselves, in their own words, to the community members who attend the open Town Meetings of the two caucuses. Those present then vote for the candidates who best represent us all. You can believe in them! The Lake Forest High School Board is composed of seven members elected at large; members do not serve individual wards or districts. Four of the seven staggered-term board seats will be on your ballot on April 4th.
