Hegelian Dialect (False-Flag Attacks)

Is Radical Islam truly responsible for the contemporary terror-attacks in Europe and the United States? Perchance, it may be plausible to suspect larger/higher forces at work concerning this problematic issue? Some people think the New World Order (N.W.O.) or Illuminati are responsible, but do they truly exist, and how could they be linked to these Muslim Terrorists?

Firstly, we all witnessed that hideous Devil Worship put-on during the 2017 Super Bowl's half-time. (Brady's 5th). Clearly identifiable, were many large Illuminati/Freemasonry/Kabbalah *logos* displayed, to go along with Madonna's Satan costume. (and whatever else). If you're truly unalert to what I'm referring here, simply look-up on the web redeemingtruth.com (and select False-Flag/Sophistical Society videos page from the menu. On right of page select NFL news) for undeniable photographs. It's unfortunate their displays are flaunted on television and Hollywood movies, yet additionally frustrating *they've* attained the point of parading Satanic worship on the biggest stage in front of the entire world, (probably w/the exception of the Olympics), with of effortless concealment. Moreover, after many years of brainwashing victimization, the Baby-Boomer Generation deny it's occurrence! (someone get'em off the fluoride, vaccines and MSM!)

Whether you to choose truly identifying the globalists as the N.W.O. or otherwise, I do believe there are separate groups of people who domiciliate in positions of monumental power, that are collectively working towards a one world government, (Zionism), one world religion, (Luciferianism), one currency, etcetera. Single currency causes problems of a greater extent more than most people are aware; merely evaluate Europe because of their Euro (and the corrupt). I also believe these groups, in general – the International Bankers and International Corporations use divisions of Mossad, (Israel), F.B.I; C.I.A; MI6 (England) to accomplish their Hegelian Dialect; which is more commonly known as False Flag Operations.

Hegelian Dialect was a term coined for Georg Hegel (Gay-org Heegal) who was a philosopher from Germany. In 1823A.D. he authored his work, promoting what we refer to as false-flag operations. This is where a government stages an attack on their own citizens. Afterwards, panic spreads about with additional help from the media. Thereafter, the government implements a solution which could be to attack the group which was framed. Typically, this attacked occurs with intent to steal from the opposing group, otherwise, I don't know why else they'd be attacked. More commonly, however, the solution results in a massive loss of rights against the government's own citizens. Rights taken away which the government couldn't have accomplished unless the public thought it was for their own safety. Examples of this would be

the Patriot Act post 9/11, or C.I.S.P.A. signed immediately after the *Marathon Bombing*; passed before the Friday of Tamerlan Tsarnaev's apprehension. After debating, delaying, voting, revisions, and whatever else causes our government in some cases to take multiple years to sign a bill into effect, this undoubtedly raised huge red-flags.

I believe its paramount we answer this question; whether Radical Muslims are undividedly responsible for the recent attacks against the innocent people of western civilization. Could the answer possibly be both parties are responsible, meaning radical Islam, and secret service agencies or mercenaries controlled by the financial elite? While I flirt with another possible outcome, I must confirm now, that I've delivered the best conceivable answer for what the perpetrators true agenda is. This research was undoubtedly performed thorough, with proper intent, and presents exceedingly interesting results. If concern was put into a politically international topic, or for example an event regarding a republican, then I shall investigate both democrat and republican sources. Additionally, I researched events from many other country's point of view, using both allies and enemies of the United States. All quotes were uncovered as is; printed in books or posted on websites. I'd enjoy proving only the *Muslim* Extremists as the culprits, however, I refrained from taking a position of intent, prior to this research.

All Americans and Europeans should've by now become alert to the Globalist Network constructed by the Financially-Elite and their utter disdain for Middle-Class Americans. We should all recognize their anti-Christian behavior, their love of power, money, and overall obsessions of greed. Likewise, a minor percentage do retain awareness to the extraordinary shift in our school system teachings, promotion of liberalism, destruction of Christianity (including Christmas celebrations), new laws depicting a massive loss of former-rights, and falsity of the *War on Terrorism* all coinciding with Israeli's granted dual-citizenship in the United States. Furthermore, all Americans should be alert to the C.F.R. (Council of Foreign Relations), The so-called Bilderberger group, the corruption of the (Rothschild/Israeli owned) European Union, and powerful groups such as the Tri-Lateral Commission. The latter which had Obama sign new American laws to buy products from countries producing them by means of slavery! (particularly Malaysia) Why did congress not vote to implement this new slavery-law signed ironically by our first black President? The answer is simple: The Tri-Lateral Commission has more control in our countries operations and laws than our own Congress. We're truly owned by the financially-elite.

There were many more powerful people involved in disputes w/JFK, however, as he tried to clean-up the actions of Israel and their nuclear bomb developing, took on the southeastern Asia drug smuggling, supported the abolishment of big tax-breaks for the big oil companies, had disputes with Cardinal Spellman in N.Y; the Vatican, and the all-powerful Knights of Malta, etcetera.

To gain true insight on the boldness of false-flag terrorism, we must venture slightly back through history to produce a full apprehension of these current events. It was former President **John F. Kennedy** who depicted in a speech shortly before his murder, "*we are*

opposed by a worldwide monolithic conspiracy of ruthless means.” He continued to make the claim of dishonesty in the news reports broadcasted or printed by the U.S. media. A situation also complained about ten years later by **President Nixon** when he said, “*Americans have to understand, they control the whole media.*”

During this infamous addressing of the American Congress and citizens by Kennedy, he indirectly named powerful International Bankers as key influential members in this conspiracy. Thereafter, JFK delivered his brilliant, albeit dangerous speech; to combat the power of these soul-less international bankers, Kennedy launches an attack on the Federal Reserve by implementing *five million dollars* into circulation, which was backed by silver. To understand this action, one must realize the currency modern bankers use is referred to as *fiat* (de-facto) money; which possesses no *real* value. Their money is simply printed up paper or numbers on a computer screen. This deception’s what allows them to lend enormous loans, such as those granted to governments.

After JFK’s imprudence towards this *monolithic conspiracy*’s power to manipulate control over the American people via the Federal Reserve’s manipulation of money, unchallenged control, and dishonesty through the media, President Kennedy was murdered within a few months.

This fiat money isn’t only used by, but also misleadingly originated with the ancestry of these Bankers. This usage became a regular practice after England engaged in being the first nation to privatize its national bank; taking place as the results of England’s civil war of the seventeenth century. Before this point in history, usury (charging someone interest) was outlawed in Europe, due to the

At this point, the Illuminati had been born out-of, or into, freemasonry. (founded by Adam Weisaupt, financed by Rothschild). Also, the Vatican was under constant threat of infiltration, and was about to lose a great-deal of power. (Particularly post-French Reformation. (additionally, founded by Rothschild).

Many believe the Jews were repeatedly kicked-out of so many countries, 44 X’s to be exact, (after 43 2nd chances), simply because of their refusal so discontinue usury, (a national crime), but this simply isn’t true. Many X’s, it was a result of their child-sacrifice ceremonies, especially the kidnapping & torturous murder of Christian children for Passover celebrations.

problems which coincided with it in the past, dating back to its abolishment in the Roman Empire. It’s not a coincident that all three presidents who opposed the bankers by placing true money into circulation, the others to being Taft and Lincoln, were assassinated by gunshot wounds. Not to mention, these once thought non-related events from the past, now directly affect the decision-making process of my research, and the perpetrator’s ability to perform these actions. The main reason for the present U.S. False-Flags, began back when the “Rothchild family (owners of England’s bank) triggered the French Revolution,” according to Winton Churchill, proven facts, and innumerable historians. Ever since this time-frame up until the present, the world has been to a great degree controlled by the ‘worldwide monolithic conspiracy’ that J.F.K. was so importantly referring too.

For someone on their own to acquire proof of intent, simply apply thought into the American wars post 9/11. In 2001 only seven countries in the entire world didn't have a debt-based national bank owned by the Rothchild family. This being their right to sovereignty. We have to invade their government to establish a slavery bank. Three of them remain so today, and we're constantly hearing false accusations put on them. These countries are North Korea, Iran, and Cuba. (since 2016- also Russia). Remember, there's one-hundred and ninety-six (196) countries in the world. With that said, the other four countries just happened to be Afghanistan, Iraq, Libya, and Sudan. The former three nations were engaged in major warfare by the U.S; and this resulted in the installation of a debt-based (form of slavery) national bank, primarily owned by the Rothschild Dynasty. "Sudan was conquered due to the large-scale Libya bombings, with additional aid by paid mercenaries and, the C.I.A. on the ground in Sudan." Although I uncovered no proof, it's fair to assume, that our tax dollars were also contributing into directly bombing Sudan, only we as tax-payers weren't informed.

The exhaustive news I uncovered, was a multiplicity of primary suspects. Unfortunately, I lack the ability to thoroughly research them all, although each's members, have great links with the other organizations involved. (in many cases, secret orgs.). Most notable organizations that come into play in this subject matter are, the Knights of Malta, Zionist Organization or WZO, Bilderbergers, Tri-Lateral Commission, the Council on Foreign Relations or CFR (which now operate right out of the heart of Washington D.C.), Vatican City (starting between 1958-62), Freemasonry, Skull & Bones, World Jewish Congress or WJO, the C.I.A; Mossad or Israel, and the F.B.I.

Nonetheless, we can all discover the information we need to live our lives, while being alert to what's happening around us. This would be come-at-able by simply reading the facts, and discontinuing any listening to the absurd lies told by the U.S. media. (Primarily CNN, Fox News, MSNBC, and CBS who bravely uses the Illuminati All-Seeing Eye as their logo.). This exclusively operated media has currently lied on behalf of our government, or more specifically, the actions of our intelligence services and military's international purpose. Regardless of what Secret Organization featuring billionaires, involves their influence behind the scenes, our main issue will consist of the following. The mainstream media which includes Fox News, covering-up for mainly Israel's actions, but our own country as well. Not to mention, with Israel operating off American tax money, it only makes sense; that to the rest of the world, there's no differentiation between the two nations.

The Real American Revolution

England privatizes national bank.
New owner - Lord Rothchild.

Then England waged 4 consecutive wars,
causing huge debt. Henceforth...

↑ taxes on U.S. colonies to repay debt.

Britain still owned the colonies. Their
citizens were happy & proud to be British.
What they disagreed with, was Jewish
Bankers lending them *their own* money,
charging interest, & then England paying
it off with tax money. → Identical
routine operating today.

Without showing pictures in this article, anyone can research the blatantly obvious inside-job performed during the Boston marathon bombing by going online and typing-

marathon bombing false-flag. This operation was performed so incredibly poor, that people were crashing the press-conferences on the very same day, waving pictures in their hands while yelling accusations. These pictures taken of the event showed a far and wide didn't story, then our media/government were portraying. Any first responder knows that scene at the finish line was complete nonsense, not to mention, everything that followed. Furthermore, anyone can go see for themselves the power of the Illuminati/Freemasons at the last Super Bowl, by searching - halftime hell natural news and watch them worship Satan during Brady's 5th ring performance.

Before you discard the evidence ahead, I'll display quick references in history to attract you in the proper state of mind. In 1791 the U.S. signed a 20yr. contract to privatize the bank, it was a disaster. Nevertheless, in 1811 Nathan Rothchild threatened war if the bank contract wasn't renewed; thus, the war of 1812. The U.S.S. Maine stationed in Cuba, was almost certainly not blown up by the Spanish. Out of nowhere, William Randolph Hearst's newspaper began a smear campaign against the Spanish Empire. Hearst was not alone in this idea. He had been meeting up to conspire with J.P. Morgan and John D. Rockefeller and others who were all in on this plot; which was based on using the media to spread complete lies. Publishing journalism without any proof of facts, just the editor's words, became known as Yellow Journalism. Eventually on February 15, 1898 a bomb exploded in the Maine, the ship was destroyed, and America went to war commenced via false-flag. (Spanish-American war, acquired Puerto-Rico/ Philippine's/ destruction of Spanish Empire) Many dubbed this *The Journals War*, but soon Americans would forget and move on. Americans were so easily persuaded by the yellow journalism, that it remains in use today. In this case here, as an American I would've been proud to take-on and defeat the Spanish Empire. Notwithstanding, I don't want anyone lying to me especially when citizens are deciding to risk their lives. In present times, it's gotten so uncontrollable we can't even choose. (under false pretenses). U.S. and European citizens are instead opting to become blown-up (etc.) by terrorist attacks. * If they aren't choosing this route, they need to stand-up and voice their disapproval.

Our own government *admits the Bay of Tonkin* incident which set-off the Vietnam war, was an episode of Hegelian dialect orchestrated at the highest levels of the U.S. government. Additionally, prior to the Vietnam War when J.F.K. became President, he refused committing to an already designed plan to invade Cuba. This plan called for shooting down a commercial jet-liner, full of American citizens, and blaming it on Cuba. Anyone can easily obtain this information - it was called "*Operation Northwoods*." You'll find out this plan, "originated in the Pentagon involving the Department of Defense and the Joint Chiefs of Staff."

These acts took place in other areas of the world as well. During World War II, the Russians "fired their artillery on its own soldiers in Mainila, Russia (without them knowing), and blamed the event on Finland." Afterwards the Soviets invaded Finland, and years later the false-flag was confirmed. Soviet leader Nikita Khrushchev admitted the primary Finish attacked was performed by other Russians. The Rothchild family, Freemasonry, and it's believed the Knights of Malta had very close ties to the Bolsheviks. Despite the public thinking the Malta organization was strictly Christian.

→ There's innumerable lies concerning important historical/sociological events we're told by our media and government. (incl. school-books). For example: Out of the two-hundred and eighty-four (284) men that would make-up this new Communist (Zionist/Marxist) government, two-hundred and sixty-four (264) would leave from N.Y.C. in 1917, heading for Russia to become the new anti-Christian Marxist government. President Woodrow Wilson even *supplied American troops* to shield the Bolsheviks from the enraged Russian citizens.

With these solid *facts*, you should have awareness of Hegelian dialect being in existence, and a true problem in our history. Let's get more serious now, and see what's happen with these attacks involving radical Muslims.

A *Mossad agent admits* that, in 1984, "*Mossad planted* a radio transmitter in Gadhafi's compound in Tripoli, Libya which broadcast fake terrorist transmissions recorded by Mossad, in order to frame Gadhafi as a terrorist supporter." Ronald Reagan bombed Libya immediately thereafter.

Israel attempted blowing up Americans in Egypt. Israel admits that in 1954, an Israeli terrorist cell operating in Egypt planted bombs in several buildings, including U.S. diplomatic facilities, then left behind "evidence" implicating the Arabs as the culprits. (one of the bombs detonated prematurely, allowing the Egyptians to identify the bombers, and several of the Israelis later confessed).

In 2004 a band of *British soldiers dressed as Arabs carrying explosives* were engaged in a shootout with Iraqi police. The Iraqi police captured them, accused them of false-flag attacks, and placed them in the police stations cells. After receiving word of their capture, the British military arrived driving its tanks through the outside walls of the station, which resulted in the soldiers' escapes. They could've properly faced questions and had the issue resolved, if not for the fact they were planting bombs as if being jihadi terrorists.

Also in 2005, an Israeli secret service agent admitted throwing rocks at other Israeli's so they could blame it on the Palestinians. This took place during peaceful protests by the Palestinians, however, very typical of our news network, we were told the exact opposite. Typically, we're told about how remorseful the Israeli's feel, because it was so unfortunate they had to kill a large number of the protesters. On the other other-hand, just because the state of Israeli possesses state-of-the-art (free) American weaponry, they must protect themselves from the alleged rock-throwing.

→ I'd rather hear them report: 'we already murdered most the Palestinians kept in Israeli concentration camps, and we'll now continue/begin murdering all those including the Arab Christians in the occupied territories. We commit these unfortunate acts, because Israel needs to possess more land for adequate accommodations of a growing population. We've sent so many of the Syrians to Europe, whose land we previously stole, but Europe doesn't want any more immigrants. They will become systematically terminated. If anyone challenges our process of elimination, take it up with the U.S. tax payer, for they are supplying us with the money and weaponry needed, by handing over a portion of their paychecks to us.'

**Many more acts of Hegelian Dialect have occurred throughout our history*

Additionally. I believe my readers could uncover evidence, knowledge, and opinions from government and military officials, which directly blame Israel/Mossad for the East African Embassy, and U.S.S. Cole bombings. As far as the USS Cole bombing an, a high-ranking military officer said, “the Israeli’s used a modified pop-eye missile, which could’ve been launch from 950 miles away.” These attacks were both specifically blamed on Osama bin Laden, setting up 9/11. Where does it end? Capitalism is a so-called democracy, but don’t we want a republic like before? Our entire lives have been based on a foundation of false information.

When a current or ex-member of the F.B.I. or another secret intelligence service agency such as the C.I.A. releases confidential information, they just issued their own death warrant. C.I.A. agents are constantly involved in shady deals, over-throwing governments, etcetera. If we have an agent whose conscious gets the best of them, and then exposes information to the public this man/woman is fully aware it’ll probably cost their life. They betta not have a wife and children to protect, neither. Imagine how they feel afterwards when nobody even listens, because nobody at all, can place the information on television; due to an exclusive group controlling all the news networks. This agent needs multiple alias’s the C.I.A. and Mossad don’t already know about. Additionally, large amounts of money hidden in different locations to be successful on the run, for the rest of their life. I found, that when we research the story of an agent speaking out, the facts typically line-up, as if they were speaking the truth. If we are presented with a situation of two agents speaking out, it’s almost definitely true. I also discovered that it’s when innocent U.S. citizens become the victims, which is what causes them to finally say, “enough.”

However, don’t forget our false society produces *false-opposition*, which we bear-witness too constantly in politics. (Fox News claiming they’re not part of the mainstream media, and aren’t working together with the other networks). Thereupon, we do have controlled confessions. Admitting something widely suspected, to steer people’s mind off something else being conceal. On redeemingtruth.com a former C.I.A. agent admits blowing-up building #7. Was this to get our minds off the other two and/or the Pentagon? I’m not sure, because by admitting this he’s essentially admitting they knew well ahead of time of the attacks; but stupid Americans really don’t pick-up on this. Therefore, we see many of these planned confessions and to an intellectual individual who’s attentive, these seem more ridiculous than the horrible planning of lies they originally used; which go *over-the-head* of most people.

Anyhow, my plan was to revolve my primal attention on producing results on the Sandy Hook, Orlando, Boston Marathon, and London. I could never bring myself to call out, “Hegelian dialect”, when speaking on behalf of 9/11. From 2001-2006-7, I would consider individuals slightly-unstable upon hearing them stake this claim of our own intelligence services, the White House, and Israel as the perpetrators of 9/11. Later I’d come to the realization these individuals were more intelligent then I was on such matters, at that point in time. *Not to mention, they were all-around superior Americans citizens.* Calling out conspiracy to discredit an individual is the oldest *trick in the book*. I’m personally known for being capable of thinking ‘outside the box’, and noticing elements of life which the ordinary person would miss. Conversely, the facts are far more wide-open than one could imagine. Remember I recently mentioned that if you had two ex-

agents, revising identical stated *facts*, that the chances they're telling the truth now becomes overwhelming. Below I present a whole list of ex-agents, and other high-level people who disagree with the version of events we were fed by the Bush Zionist's on the day of September eleventh, two-thousand and one. (Sept. 11, 2001). *we were *fed* like goyim (cattle) I'm so embarrassed, I'm pissed!

Firstly, the greatest heist in American history took place the very day before 9/11, as Donald Rumsfeld confidently announces 2.3 Trillion dollars went *missing* from the Pentagon. Sadly, during the end of Bush's Presidency when we heard constant conversation referring to the trillions America was now in debt, never once did the mainstream networks mention the greatest robbery of all time being a great portion of the debt!

Secondly, and next 'one in a million' event to occur was the closing-off one side of the Pentagon, for repairs. The legendary world's strongest building was being weakened for 30 days before the plane attack, that just so happened to impact the identical side of the five-sided building. Naturally, every video camera that would typically have been immediately repaired, if merely a single camera was known to be inoperable, were all somehow simultaneously not working. Afterwards, we're alerted to the fact that all and any information had, to track this missing money just happened to be placed in a new office housed on the 'maintenance and repairs' side of the Pentagon. Wow, what odds. Wherefore, a ~~missle~~ plane then flew around wildly off course undetected for some time, performed an extremely difficult maneuver by: [1]. The tight corkscrew with a 727 [2]. Landed perfectly level only feet above the ground at the exact moment of impact. (by the way, this so-called pilot is reported to have been unable to learn to fly a single-engine plane).

Well, we still have the few Pentagon employees granted special access to this area which we can question. What do you think their take on this occurrence is? Alas, we never hear what their perception is. Their own families will never hear their voices again. Astonishingly, they *all* perished on the plane that crashed into the Pentagon. Apparently, they were flying out to Los Angeles. Additionally, another 125 employees died inside the Pentagon.

Furthermore, before we begin to really analyze all the lies and further 'one in a million chances' occurring within hours, I must point out the only other C.I.A. building in the world, which could produce the records of the stolen trillions. It just so happened to be World Trade Building number 7, which's the building that fell because two planes each hit a separate building and neither were W.T.7; I believe is the latest story?

Also, we must recognize an organization called *Architects & Engineers for 9/11* have established a website featuring the given name of Re-Think 9/11. (rethink911.org). This organization has brought forth 2,250 architects and engineers to coexist on a signed petition which disputes the events of 9/11, as we're told by our government. Much more to this story exists than the simple recognition of the manner which these buildings collapsed straight down, occurring in identical fashion to a controlled demolition. The main implementation for this skepticism does, however, belong to the belief of explosives carefully placed throughout the interior of the World Trade Center buildings. If this theory were to be true in nature and there

subsisted an enemy of the state to blame for the effortless penetration our defenses, or lack thereof, this would generate a great magnitude of assistance in the government's claims for the impositions of the Patriot Act. Not to mention, contribute to more future rights removed from the its citizens.

Is this beginning to sound less of a grand master-plan, and more on the level of incompetent lies that anyone would be foolish to believe?

On the contrary, the proven utilization of explosives in additionally to the jet-airliners, would result in government blame and distrust, as this fact/fiction has definitely been concealed; with assistance from their media cohorts, of "course. On behalf of this behavior now leading into everlasting denial of any explosives, we must ask ourselves why they didn't just claim some Muslims planted explosive? Firstly, they'd need access to restricted areas as they cannot simply place some bombs randomly on the targeted floors. Conversely, if this plan of action was pertained by our media and government officials, millions of Americans including nearly 100% of the baby-boomer generation, would've unquestionably have confidence in this explanation they were being told. Secondly, a massive level of explosives is required. Once again, the public can be fed the deception of a few random bombs contributing to the jets destruction. Truth be told, large quantities weighing in the thousands of pounds is truly needed here. If you want to hear a C.I.A. official (whilst laying on his deathbed in the hospital) who admitted the C.I.A. used a control-demolition to destroy building number 7, speak on behalf of the large quantity of explosives and time-frame required to *rig* the W.T.7, (which's considerably smaller), visit: redeemingtruth.com/videos.html for his video; among many other documentaries.

Henceforth, if our government claimed explosives were snuck into these buildings, major obstacles of notice to others, stand in their way. All people familiar with explosives and demolition would know they're lying. Although, they already do now, and the government continues to get-away with their deplorable actions, to the degree of continuing repeated attacks on American soil! Additionally, whether they planned on using this as a course of action for heightened security in response to a lack of security, it would remain odd to many that such magnanimous levels of prohibited items were allowed on several occasions. Finally, these actions require far-more work than simply placing these explosives at certain areas. A ton of construction would be required. This takes time and creates a lot of noise. e.g. removing walls to place the explosives properly on the steel frame.

No, let me rephrase that, they're usually sloppy at concealment, the real problem is that Americans won't read simple facts.

"Jet fuels is 1,200 degrees below the temperature needed to burn steel." Furthermore, World Trade Center building number seven which collapsed later in the day, is said to have occurred as result of an office fire; caused by damage from the other two buildings. Okay, perchance a fire could've began in this manner. On the contrary, whether this fire rages out of control or no matter how much jet fuel is present, which in this case we had no jet fuel present anyhow, the temperature wouldn't have reached "anywhere close to the required amount of heat

needed” for bending such a large amount of steel; or a small amount of steel. To achieve such a temperature, a high concentration of sulfur which solely abides within in particular explosives, is required. Witness statements given by workers involved with the clean-up effort, petition the reason for the clean-up effort being ordered postponed, was a cause of bright glowing steel continuing to burn well after the initial incident. This *glowing* steel’s consistent with the chemical component of sulfur instituted in planted explosives, and apparently our government wanted to prevent this matter from being investigated to any further extent.

As we call remembrance to the vast pile of wreckage exhausting smoke well-over a week past the attack, we can also picture in our mind’s-eye the NYFD applying non-stop fire hoses upon the wreckage. In addition, we can all assume World Trade Building #7 was also a controlled-demolition as we bear-witness to the video footage, apprehending the manner which this building collapsed. Furthermore, transpiring on-sight at ground-level members of the NYFD have staked claim they clearly heard the explosives of building seven immediately prior to the buildings collapse. One brave New York City Fire-Fighter told the press, “I know what I heard, and what I heard was explosives.”

Is this starting to feel less like some master-plot designed with high intellect, and more like a self-evident inside job. One which's difficult to fathom, that anyone could believe, if they just read the facts. To add upon the 2,250 architects and engineers who've signed the petition, another 23,082 people have gone online and added their names to the petition, as well.

Furthermore, it was ridiculous how a handful of congressman continued demanding President Bush to begin an investigation in the days post-9/11. Wouldn't the world's leading country in finances and security immediate investigate the largest attack within the history of the country? Thereafter, ten days passing and our President unable to delay the investigation further, Anthrax became distributed through the mail for its first occurrence in history. Somehow, through all the millions of mail avenues this anthrax landed directly into governmental recipients. Not only this, but each person involved happened to be one of the outspoken Congressman. Seemingly, all within our government now knew who was responsible for the attacks and they could either choose to have their voices heard or be killed. Surprisingly although only Russia and the U.S. have anthrax, (this specific type's only made in U.S. though), but two-weeks post-9/11 the media was already lying about Iraq, as it stated claims Iraq was the third country within the world where anthrax was found; albeit, a complete lie.

After the Congressmen and Pentagon officials were silenced, (murdered), the family members of the 9/11 victims began demanding an investigation. After all, how was it possible our government never performed a proper investigation of such an attack? Only due to their mercilessly lobbying of Washington for *OVER 1 YEAR* did our government finally set-up the 9-11 commission which became the biggest disgracing of obvious lies involved yet! The families held-up signs in protest which read *Government Liars, Murders, etcetera*, but these scenes were never depicted on American News Stations.

Imagine how these family members feel after all these events and Americans continue to fall for more, and more, and more, and more obvious inside-job attacks!

** Now I present you with ‘six’ (6) C.I.A. agents, two (2) D.E.A agent who specialized in counter-terrorism, and one (1) agent from the F.B.I. Also, a man (1) who was Senior Policy Designer under two Presidents, and Deputy Assistant Secretary of State under three Presidents. Furthermore, one (1) Military General, (2) Congressmen, another (1) witness to the hearings of the 9/11 Commission speaks out, and I present to you all their quotes.

Steve Pieczenik, MD, PhD – Served as Deputy Assistant Secretary of State under Presidents Richard Nixon, Gerald Ford, and Jimmy Carter. He was also Senior Policy Planner under Presidents Ronald Reagan, George H.W. Bush (41) and a former Colonel in the U.S. Army. Pieczenik was interviewed by Paul Joseph Watson on The Alex Jones Show 5/5/11:

“What's important to understand at this point, right now, for the public. We have been safe for over 30 to 40 years. Nothing and no one has ever attacked the United States. The only people who attacked the United States was George Bush, Cheney, and Rumsfeld.”
... [at 10:50]

“But I didn't expect ten years later for another delusionary panderer called the President [Obama] a politician, whether you're a Republican or a Democrat, to continue this nonsensical story that we had been attacked by Muslims, which we hadn't been. We were attacked by our own people in a false flag operation.” ... [at 11:40]

“The issue at hand now is still more important. We have to stop this government and other governments from continuing to deceive, deny, and continuously manipulate the American public.”

Raymond L. McGovern was a 27-year CIA veteran. Former Chairman, National Intelligence Estimates (NIE), the consensus reports of all U.S. intelligence agencies. According to the Office of the Director of National Intelligence, NIE's are the Intelligence Community's most authoritative written judgments on national security issues. Responsible for preparing and presenting the President's Daily Brief (PDB) to Presidents Ronald Reagan and George H.W. Bush and for providing intelligence briefing to their Vice Presidents, Secretaries of State, the Joint Chiefs of Staff, and many other senior government officials.

"It has long been clear that the Bush-Cheney administration cynically exploited the attacks of 9/11 to promote its imperial designs. "

Signatory: Petition requesting a reinvestigation of 9/11

"We want truthful answers to question. ... As Americans of conscience, we ask for four things:

- 1. An immediate investigation by N.Y. Attorney General Eliot Spitzer*
- 2. Immediate investigation in Congressional Hearings.*
- 3. Media attention to scrutinize and investigate the evidence.*
- 4. The formation of a truly independent citizens-based inquiry”*

William Christian (1928 - 2010) joined the C.I.A. in 1950, and served on the analysis side of the Agency for 28 years. From the early 1970s he served as National Intelligence Officer. He's made these following statements.

- "David Ray Griffin's Debunking 9/11 Debunking is a superb compendium of the *strong body of evidence* showing the official U.S. Government story of what happened on September 11, 2001 to be almost certainly a *monstrous series of lies*. Tragically, the entire course of U.S. foreign and domestic policies since that date has grown out of these almost *certain falsehoods*."
- "There is persuasive evidence that the events of September did not unfold as the Bush administration and the 9/11 Commission would have us believe."
- "An *airliner almost certainly did not hit The Pentagon*. Hard physical evidence supports this conclusion" [It just happened to blow up the side completely blocked off for maintenance and renovations -S.T.P.].
- "North and South Towers of the World Trade Center almost *certainly did not collapse and fall to earth because hijacked aircraft hit them*." _

Melvin A. Goodman, PhD – Former Division Chief and Senior Analyst at the Office of Soviet Affairs for the C.I.A.; from 1966 - 1990. Senior Analyst at the Bureau of Intelligence and Research, State Department, 1974 - 1976. Professor of International Security at the National War College 1986 – 2004.

- "The most important individual to me, other than a commissioner, was the staff director, *Philip Zelikow*. His conflicts of interest were so great that you do have to wonder why this individual was appointed to head this important staff of over 80 people."
- "He had very strong ties to the George Herbert Walker Bush Administration. Very strong personal and political and policy ties to Condoleeza Rice. The final report is ultimately a cover-up. I don't know how else to describe the final report."

Robert David Steele – U.S. Marine Corps infantry and intelligence officer for twenty years. Also served in the C.I.A. as a clandestine officer.

"I am forced to conclude that 9/11 was *at a minimum allowed to happen* as a pretext for war, and I am forced to conclude that there is sufficient evidence to indict (not necessarily convict) Dick Cheney, Karl Rove and others."

Robert Baer – Former CIA Case Officer, Specialist in the Middle East. Here is the dialogue of an audio interview when he appeared on the Thom Hartmann Show on 6/9/06.

- Thom Hartmann: "Are you of the opinion there was an aspect of 'inside job' to 9/11 within the U.S. government?"
- Robert Baer: "There is that possibility, *the evidence points at it*."

Milton Bearden – Former CIA Station Chief in Pakistan, Germany, Nigeria, and Sudan. Served in Pakistan from 1986 to 1989, where he played a role in training the mujahedeen in Afghanistan. Later served as the director of the Soviet/East European Division during the collapse of the Soviet Union.

Interview with Dan Rather, CBS News 9/12/01:

- Dan Rather: Well, it's pretty-obvious that a judgment is coalescing around the President that it was Osama bin Laden.

- “I think that that *mythological Osama bin Laden*, never mind that he's an absolutely evil man, but the mythological Osama bin Laden causes me trouble.”
- Dan Rather: “Milt Bearden again, you're one of our most experienced people with long experience in Afghanistan. What does your gut tell you about who's responsible about these attacks this week?”
- “I'm just *not convinced it was bin Laden*. Osama bin Laden has chosen to make himself an enemy of the United States. He has issued these disputable fatwahs, these Islamic proclamations, to kill all ... Americans and Jews. Therefore, he's made himself a component, and I think that the United States is absolutely justified in taking out Osama bin Laden. But to oversimplify it by linking him to every known terrorist act in the last decade is an insult to most Americans. And it certainly doesn't encourage our allies in this to take us very seriously. Osama bin Laden is a legitimate target for the United States, period. But then, to completely reinforce it with all-of these insupportable accusations, I think is a disservice and an oversimplification. ... There's a lot of fiction in there. But we like that. It's the *whole Osama bin Laden mythology*. It's almost part entertainment. We don't have a national enemy. We haven't had a national enemy since the evil empire slipped beneath the waves in 1991.”

Statements from: Witnesses before the 9/11 Commission -

Bogdan Dzakovic was a 14-year Counter-terrorism expert in the Security Division of the F.B.I; and **Steve Elson** who was a former Special Agent with the U.S. Navy, D.E.A. and was a specialist in counterterrorism, intelligence, and security.

— “The disastrous nature of the September 11, 2001 terrorist attacks warrants the release of all of this information so that the American public may learn what its government did or did not do to protect them.”

Sibel D. Edmonds - Witness before the 9/11 Commission.

- Alex Jones: “But even if they cut evidence out of reports, we have the clear evidence of Thermite in the buildings, we have clear evidence of C.I.A. insider trading, NORAD standing down, U.S. troops already massed in central Asia, Bush having the launch order two days before to attack Afghanistan. I mean, Sibel, when you put all that together-- I'm asking you personally-- where does all the evidence point?”
- Sibel Edmonds answered, “The evidence points to a *massive government cover-up*.”

Dr. Alan Sabrosky, U.S War College,

“I am also absolutely certain as a strategic analyst that 9/11 itself, from which all else flows, was a classic Mossad-orchestrated operation. But Mossad did not do it alone”

“I am not a conspiracy theorist, I am an Air Force Pilot and based on my experience the story we have been told about 9/11 doesn't add up”. **Lieutenant Colonel David Gapp**, (Chief Planner of Iraq war)

“The easiest way to gain control of a population is to carry out acts of terror. The public will clamor for such laws, if their personal security is threatened” - **Josef Stalin.**

Additional Quotes/Sources referencing false government:

The former ***National Security Adviser Zbigniew Brzezinski*** testified to the Senate that the war on terror is "a mythical historical narrative." He additionally warned the Senate that a terrorist act might be carried out in the U.S. and falsely blamed on Iran to justify yet another war.

"If tyranny and oppression come to this land, it will be in the guise of fighting a foreign enemy."

- ***U.S. President James Madison***

Why of course the people don't want war ... But after all it is the leaders of the country who determine the policy, and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship ... Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is to tell them they are being attacked, and denounce the pacifists for lack of patriotism and exposing the country to danger. It works the same in any country."

- ***Hermann Goering, Nazi leader.***

Consider this ***Los Angeles Times article***, reviewing a BBC documentary entitled ***The Power of Nightmares***, which shows that the threat from Al Qaeda has been vastly overblown,

Former prominent Republican U.S. Congressman and CIA official Bob Barr stated that the U.S. is close to becoming a totalitarian society and that elements in government are using fear to try to bring this about.

Republican ***U.S. Congressman Ron Paul*** stated that the government "*is determined to have martial law.*" He also said a contrived "Gulf of Tonkin-type incident may occur to gain popular support for an attack on Iran."

The former Assistant Secretary of the Treasury in the Reagan administration, ***Paul Craig Roberts***, who is called the "Father of Reaganomics" and is a former editor and columnist for the *Wall Street Journal*, *BusinessWeek*, and Scripps Howard News Service, has said:

"Ask yourself: Would a government that has lied us into two wars and is working to lie us into an attack on Iran shrink from staging 'terrorist' attacks in order to remove opposition to its agenda?"

Retired 27-year CIA analyst Ray McGovern, who prepared and presented Presidential Daily Briefs and served as a high-level analyst for several presidents, stated that if there was another major attack in the U.S., it would lead to martial law. He went on to say:

"We have to be careful, if somebody does this kind of provocation – big violent explosions of some kind – we have to not take the word of the masters there in Washington that this was some terrorist event because it could well be a *provocation* allowing them, or seemingly to allow them to get what they want."

The former CIA analyst would not put it past the government to "play fast and loose" with terror alerts and warnings and even terrorist events in order to rally people behind the flag.

General Tommy Franks stated that if another terrorist attack occurs in the United States "*the Constitution will likely be discarded* in favor of a military form of government." Former UN Weapons Inspector Scott Ritter stated before the Iraq war started that there were no weapons of mass destruction. He is now saying that he would not rule out staged government terror by the U.S. government. And British Parliament Member George Galloway stated that "there is a very real danger" that the American government will stage a false flag terror attack in order to justify war against Iran and to gain complete control domestically.

Analysis:

I believe my researched, combined with general but accurate, historical knowledge of the past few centuries, has undoubtedly proved, higher forces than our politically elected congress, are engaging us in false-flag attacks. They want total control of everybody, especially those outside the four-thousand (4,000) families which belong to the C.F.R; of course. These 4,000 richest people in the world which make up the council typically only marry within, as in their minds they remain the noble-class of feudalism. If you don't possess a family coat-of-arms and documented family tree traveling back hundreds of years, good-luck trying to become a member of the C.F.R; or maintaining your God-given freedoms.

Also, we clearly saw with ISIS, that they were paid mercenaries on Americas behalf; via U.S. tax dollars, of course. Their job was to over-throw the Syrian government. At the same time, our government sanctioned media would, and remains portraying them as being radical Muslims who belong to the same organization. Truth be told, they are much less involved in the

life of Islam, than the average well-behaved Muslim. Radical Islam is real, beginning after World War II, mostly after Israel began spreading their borders; as they just did while Syria was engulfed in chaos. Only the Syrian (Civil War) rebel-fighters were being supplied by Turkey and Saudi Arabia. 1wk. prior to the last U.S. claim of Chemical Weapons, I read a military report the rebels were armed with Saran-Gas canisters. The whole world knew what might come next, but the fact that the Syrian gov. were unmistakably the victors of this war, it seems implausible; nonetheless, it did occur in bold, typical fashion

Israel's press began releasing ridiculous reports of Assad using chemical weapons. Even if he did, it wouldn't be on his own people, such as told on television. It would be foreign fighters, Syria's been invaded, in an attempt to supply Europe with natural gas. Currently, all of Europe relies %100 on Russia for their energy. The extent of the lies portrayed by our media is so outstanding, how are we ever going to know when something's the truth? This whole *Republican vs. Democrat* side-show is called 'controlled-opposition. It's meant to distract us from the important issues taken place daily.

Another manifestation which just occurred many Americans are not aware of, is how all the Muslims were flooded into Europe, to destroy unity and eliminate any opposition to the destruction of sovereignty. Israeli soldiers began spreading north into Syria, and then began ethnically-cleansing entire towns in South Syria, and transporting all the Muslim peoples towards the Greek border. After the E.U. was formed, Greece (and every other country) owes the Rothchild (E.U.) Bank such a huge sum of money. As a result, they've lost complete control of their own, and once beloved country.

I witnessed Fox News briefly show many people in a multiplicity of nations protesting Israel and the U.S. for continuously supplying ISIS brand new American weaponry. Furthermore, they were protesting released photographs of Israel supplying medical treatment to ISIS and expanding her borders; only Fox News cut out all the anti-U.S. and Israel protest signs. Not only that, they had actually told the American public, that these people involved were protesting the Syrian government, which couldn't have been further from the truth. Such blatant lies are habitually told, repeatedly to *our own* people.

"When people & organizations don't place TRUTH as a central value, even believers in a good cause may be tempted to lie on behalf of their cause"

"1980's to promote the cause on the homeless, the leading activist on their behalf stated that between 2-3 million in people were in the U.S. Years later, this same individual admits on national television, he completely made that number up. Real figure was 250,000 - 350,000."

"To frighten more women in the U.S. into getting mammogram, leaders in the cancer field greatly exaggerated the number of women getting breast cancer."

"Why is lying on behalf of Good causes wrong? Because if we don't know what's true, how do we know how to properly allocate societies limited resources." -**Pager** [previous 4 quotes]

“Thou shall not bear false witness.” Individually a Galilean and also our Lord Jesus, made this quite known to us; within the Gospels, He considered this among the worst of sins.

My Thoughts 1] The great controversy between good and evil will continue to the end of time, while never ceasing, in its continual journey of increasing intensity. Now in the third millennium after the crucifixion of Christ, Christianity has not faded away as some myth, similar with Pagan beliefs. Satan with his everlasting attack on the people of this earth, remains active in our present lives. The one's who he's stolen minds from, display their current reciprocal worship. On the other side we have God's grace, with his Son Jesus, and the Holy Spirit, blessing many souls throughout the Earth. These subordinates remain firm in their supreme strength, for their endeavor of preparedness of the second coming, which leads them into eternal life. A life in the presence of God Himself, just as Satan had once bestowed the pleasure of His company. Unfortunate, but known and worth-it, this only occurs post-tribulation.

As we notice these two groups being firmly diametrical in design and beliefs, we must also come to realize the manner which they reside dispersed among each other. Without two separate battlefields, where planning occurs among brethren without fear, and each can meet in the middle to engage in an epic struggle. Operations of concealment and deceit are commenced in its place, as shameless lying becomes the norm. Only there seems to be one element of life, and the goal of eternal life that has eluded my senses for many years. This revolves around former light-bearer. The one who left all his brightness, in the hands of God, becoming engulfed in eternal darkness. Only one thing, has Satan kept his divinity even whence living on (or in) the earth? Satan remains present with similar attacks all through history. For I never investigated this possibility of divinity on the earth, except for the Christians souls becoming blessed with the Holy Spirit. Yet, any Christian will tell you that we're far from true brothers of Christ. We all realize how dramatic the change will be upon death of this earth. We feel so distance from that of a divine being that it's a prohibitive in thought, to imagine we're ever truly ready for heaven. It's a life-long struggle to prove you're worthy and when close to death when it becomes in our grasps, I've seen people continuously pray extra. Although, Christ certainly wants to raise their souls, they feel their bodies giving out and seem to consciously, or subconsciously realize how superior the divine being is.

As it appears Satan lost much of his powers and primarily takes on the shape of humans. His beliefs remain alive in their souls, and continues through their teachings. Therefore, do we consider Satan a fallen Angel, who uses others, but was naturally stripped of the powers needed to perform divine acts whence here on the earth? No, we cannot, because the statement of a divine being here is unfortunately valid. In the case Satan, it must despairingly, yet certainly be true! The reason for this fact being, his thousands of years of existence. Unfortunately, we must be more prepared for his attacks, because Satan is a divine being living on earth; for he possesses everlasting life!

ROMANS 13:9 shalt not bear false witness, Thou shalt not covet; and if [there be] any other commandment, it is briefly comprehended in this saying, namely, Thou shalt love thy neighbour as thyself

My Thoughts 2]

Why have we been brain-washed to perform a 180° turn of human history and hate ourselves?
(becoming the first people do act in this manner)

We must realize that we as humans aren't ALL ONE. Believe me, I understand this theory and I strongly relate to it during highly-spiritual times. Nonetheless, there exists people we plainly don't want to live with.

When the Arabs began moving west and conquering nations after Islam's commencing, they were thought by many to be animals; sub-humans you'd never in a million years chose to share a town with. Nonetheless, this is how they viewed Africans as they brought roughly 30-40 X's more African slaves into the Middle-East than the merchant Jews/Monarchs/Financially-Elite brought to the U.S; and we've assimilated these Africans into our own culture.

Point being, there exists two main factors of opposition for the Jews to complete their Zionist agenda. (global-domination). Christianity and Islam are these two threats. Whereupon, we're the victims of their typical divide and conquer scheme. This war between us IS FAKE! It's all designed with intent by the Jews. We received constant propaganda media referring to how much they hate us, and vice-versa. Americans would be surprised if they heard the nature of thoughts and event which they believe we're presently committing against them. In the U.S. CNN, Fox News, NBC, CBS, etc. inform us of the radical Islamist's and their unjustified hatred towards us. This all started out of nowhere! How come nobody within the United States borders view Middle-Eastern Muslim as an enemy 20 years ago?

Comparatively, in the Middle-East, Muslims believe we began a terror campaign against them and we're attempting to kill them all. Only we're not doing so well, and they're winning this Christian Crusade we've declared against them. The Zionists even use the word crusade. Through their debt-banks, (installed in all Muslim states, minus Iran), Mossad, and some media (not nearly as much in these countries) they place this word's put right inside our mouths. I can only imagine the lies many Muslims believe against us. For the Muslims who the Israeli's cannot reach or simply those who know they're behavior, (much higher % than in U.S; therefore, they're actually smarter), who recognize this obvious Divide-and-Conquer scheme, these Muslims like Christians and want to join forces.

Yes, exactly like our fake political system: Democrat vs, Republican (2 opposing sides whilst a third makes all the decisions as both parties always agree) a divide and conquer technique's been applied against Americans.

NO PRIMITIVE MUSLIMS WHO LIVE IN THE EARTHS UPMOST SECLUDED INHABITED LAND *INSIDE OF CAVES* WANTED TO COME HERE AND KILL AMERICANS BECAUSE THEY DON'T LIKE THAT WE HAVE WOMEN IN THE WORKPLACE, or how we dress, etcetera.

Henceforth, these Muslims are our ally against the real enemy of the Jews. This happens to also be the point which we realize their horrid behavior across Europe and that we don't want them in our country either. They have sex with young girls and ban women from stepping outside. Yes, this is the point we realize: all through history people have been proud of who they were. In society we want humbleness, but it's 100% brainwashing by the Jews that we cannot say, "we think we're better than them and want to live amongst ourselves *inside our own country*."

Hegelian Dialect: False flag operations

In A report titled; Global Fear Decreasing as False Flags and Crisis Actors Exposed, by Nanette Carley on April 13, 2015 – Posted in: *Global*

"In the United States, the false flags like Sandy Hook, the Colorado theatre shooting, Boston Marathon bombing, James Foley beheading, etc., etc., have been so thoroughly exposed, that it amazes me when I meet someone who still doesn't know they were false flags."

As regard to Syria, respected ex-Central Intelligence Agency (CIA) analyst Ray McGovern said when asked about the so-called Syrian use of WMD's,

"despite Israel's attempts at perpetual instability in the Middle East, saner heads prevailed via our military's top brass."

Yossef Bodansky, the senior editor for *Defense & Foreign Affairs* magazine, took it a step further in a September 1 article published on the news agency's website, entitled, The World Wasn't Fooled, as Easily as America's Baby-Boomer's. In this article he writes,

"The Syrian WMD's attack was so obviously set up by Israel and its American conspirators, that the world was in no way fooled."

Here we find posts by outspoken and ex-C.I.A. agent David Steel, the 2nd highest civilian in the U.S. Marine Corps, who at one time asked, "Did the White House Help Plan the Syrian

Chemical Attack? Most terrorists are false-flag terrorists, or created by our own security services. In the U.S. every single terrorist attack has been a false-flag, or has been an informant pushed on, by the F.B.I. In fact, we now have citizens taking out restraining orders against F.B.I. informants that are trying to incite terrorism. We've become a lunatic asylum."

Red Cross Operations Director George Kettaneh directly contradicted the Obama administration's ridiculous claim that a Syrian man had tested positive for traces of toxic gases in his bloodstream. This testing was actually the world's proof against the White House, yet Obama said a direct opposite lie while selling it to the American people.

Former U.S. Ambassador to the U.N. John Bolton said,

"The story behind the Russian's hacking into the election was a false-flag set up by the Obama administration, in order to frame the Russians."

News reporter Alex Jones from InfoWars.com said,

"The Boston Marathon was unquestionably another false-flag"

The Chief of the C.I.A. counterterrorism center, Cofer Black said,

"It was very evident that we were going to be struck months before the attack struck hard and many Americans would die."

Black went on to say that he and *Tenet* already designed a plan in the spring of 2001, named 'The Blue Sky Paper' which called for C.I.A. and military campaigns in Afghanistan...

"Getting into Afghan sanctuary, launching a paramilitary operation, and creating a bridge with Uzbekistan."

Below are titles of news organizations, private web sites, names of government officials, and journalist under the act they reported on as having proof of being a false-flag operation.
