The question is, what can we do for you?

Our quality, timing and service are the main factors that help to maintain lifetime partnerships. Working closely with our clients no matter their size.

"I've worked with BIG noise for the last 4 years and have always been very happy with the one to one friendly service and print results, perfect for all below the line work - fast turnaround, great quality and prices."

Duncan Brodie

DSB Removal Services

"The Print Management Service that BIG noise introduced is a convenient and functional way to provide our franchisees with the benefits of conveniently accessing and personalising their collateral pieces."

Mike Buchanan

Personal Fitness Franchise

"BIG noise's professionalism, turnaround time and accuracy are exceptional. Their prices are competitive and even when we have had to make last minute changes to orders they have done so without fuss."

Shane Smith

Berkshire Clearance Service

"We don't have a great need for print but on occasions, we have used BIG noise and felt an immediate difference. Great service and pricing, we will be using them for all our design and print work when needed. Remarkable, we are very grateful."

Steve Bolton

Automotive Repairs

"I have always found BIG noise to be a proactive supplier of printing. As a firm believer in systems and procedures BIG noise is one of the few companies in Berkshire that make our print an art form, delivering on time and on budget."

Ravinder Singh

Global Foods Import & Export

"BIG noise has assisted my business to no end. The result is 20% in business growth. Their aftercare and attention to detail are an unprecedented standard for this day and age. I highly recommend, a must for new businesses."

Artwork requirements for print

Supplying artwork for commercial print is not quite the same as printing a file on a desktop printer. Please read through the information below carefully before submitting files for print.

We accept all files including Microsoft Publisher, Word, Powerpoint, JPG, PNG & TIFF - the preferred format is PDF. There may be a small charge to convert non-PDF files or incorrectly supplied PDF files for print.

To minimise any delays getting your files printed or errors occurring during print, please ensure files meet the following specifications; at least 300dpi as PDF, JPEG or TIFF in the CMYK colour range. Fonts must be embedded or converted to curves. All documents must have the minimum bleed of 3mm around all edges.

If you would like one of our creatives to design for you, they will be more than happy to do so. All prices shown in this brochure are based on you providing print ready artwork.
