1. Not a new disease, Army working with Borrelia and ticks in 1921 in Panama: [RELAPSING FEVER IN PANAMA: THE HUMAN TICK, ORNITHODOROS TALAJE, DEMONSTRATED TO BE THE TRANSMITTING AGENT OF RELAPSING FEVER IN PANAMA BY HUMAN EXPERIMENTATION](#)
2. No problem for public health agencies to run illegal research programs on citizens, denying treatment, misdiagnosing, just to study the effects of syphilis and how it destroys the brain and body. The Tuskegee Syphilis Study: [Tuskegee Timeline from CDC Website & Tuskegee Program](#)
3. Unit 731: similar biological warfare program to Nazis, both of which we took scientists from, working on these horrific programs. Using human subjects and POW's. [Declassified Document 1](#), [Declassified Document 2](#), [News Service Article](#)
4. Nazi scientist [ERICH TRAUB](#), lead scientist on some of our most sensitive bioweapons programs after leaving Nazi Germany and a brief stint at the Soviet Union. Subject of [FEDERAL INVESTIGATION](#). Dr. Traub's wife [BLANKA TRAUB](#) granted U.S. citizenship in early 50's
5. DOJ Investigator John Loftus' book [AMERICA'S NAZI SECRET](#)

6. Excellent book on Plum Island Germ Laboratory run by USDA with joint-military research. [LAB 257: THE DISTURBING STORY OF THE GOVERNMENT'S SECRET PLUM ISLAND LABORATORY](#)
  
7. Willy Burgdorfer, Lyme discoverer and bioweapons specialist, working on infecting ticks with Borrelia: [Experimental Infection of the Relapsing Fever Tick, Ornithodoros moubata with Borrelia latychevi](#)
  
8. Willy Burgdorfer , researching how to use ticks to spread disease in the 1950's: [Artificial Feeding of Ixodid Ticks for Studies on the Transmission of Disease Agents](#)
  
9. Plum Island Research ***Subclinical Leptospirosis Among Cattle***. on Leptospirosis, Leptospira is another spirochete infection like Borrelia burgdorferi infected both human and animal. (see [FOIA PLUM ISLAND REPRINTS: 1955-Present, Page 6](#) – This is all research conducted by Plum Island that is not classified.)
  
10. Map showing just how close Plum island is to Old Lyme, CT where Lyme disease suddenly emerged in the 1975 outbreak. Nantucket is also just around the corner where the case of human Babesiosis surfaced in 1967: PLUM ISLAND MAP:

11. Plum Island Research [PRIMARY ISOLATION OF MYCOPLASMA ORGANISMS \(PPLO\) FROM MAMMALIAN SOURCES](#) and [ULTRASTRUCTURE OF MYCOPLASMA SPECIES](#) isolating Mycoplasma, a devastating fungal-bacteria that is found as a co-infection in up to 75% of Lyme Disease patients.

12. Freeze drying Borrelia spirochetes in process called Lyophilization: [RECOVERY OF TREPONEMA AND BORRELIA AFTER LYOPHILIZATION.](#) . Commonly used in aerosol delivery attack in a bioweapons strike. Laid out in here: [Biological and Chemical Weapon Use, Disposal, and Impact](#) same facility conducting joint-military research in same time period as the Borrelia freeze drying but here studying STDs: [Relative Incidence of Corynebacterium vaginale \(Haemophilus vaginalis\) Neisseria](#)

[gonorrhoeae, and Trichomonas spp. among women attending a venereal disease clinic](#)

13. Plum Island Research on reactivating latent viruses - **Reactivation of Neutralized Foot-and-Mouth Disease Virus with Chemicals Other than Fluorocarbon and Inhibition of Reactivation with I-Butanol** ([FOIA PLUM ISLAND REPRINTS: 1955-PRESENT, PAGE 10](#))

14. Huntsville [prison system testing](#) & [Mycoplasma Testing on Prisoners and Huntsville Mystery Illness](#).

[Dr. James Watson](#) of the [Human Genome Project](#) was said to be one of the scientists involved in the prison testing, and can be seen in [SPECIAL CANCER VIRUS PROGRAM P.19](#))

15. Former Air Force Col., Cancer Doctor mysterious death: [Newspaper Article on Dr Conrad's Death](#)

16. The Defense Department [SECRET MEETING](#) in 1970 asking for millions of dollars to create and engineer dangerous bioweapons/

17. Plum Island conducting research **East Coast Fever: Cultivation In Vitro of Bovine Spleen Cell Lines Infected and Transformed by Theileria Parva** – Theileria parva is a parasite related to Babesia, and the first human case shows just a few miles west on Nantucket just a few years prior. **Babesia** is now a major problem and **common co-infection of Lyme disease**, ([FOIA PLUM ISLAND REPRINTS: 1955-PRESENT Page 28](#))

["Theileria parva has four chromosomes and a plastome... When the genome of Babesia bovis, another protozoan parasite that infects red blood cells \(erythrocytes\) and causes Babesiosis \(Redwater\) in cattle, was sequenced in 2007 their genomes were found to be remarkably similar."](#)

Tests with *Theileria parva* in ticks: [Artificial Feeding of Ixodid Ticks](#)

18. Plum Island research ***Serological Relationship of Swine Vesicular Virus and Coxsackie B5 Virus***. Coxsackie is another infection common among Lyme sufferers. ([FOIA PLUM ISLAND REPRINTS: 1955-PRESENT page 38](#))
19. Henry Kissinger signs [MEMORANDUM 200](#) advocating for reducing the human population: "increase in the death rate and decrease in the birth rate."
20. Fort Detrick and NCI (National Cancer Institute) begins a [SPECIAL CANCER VIRUS PROGRAM](#) Also working on this program was notable scientist [Dr. James Watson](#) of the [Human Genome Project](#). His name can be found in document: [CANCER VIRUS PROGRAM Page 19](#)
21. Plum Island Research ***Experimental Infection of White-Tailed Deer with Rinderpest*** intentionally infecting local animals like white-tailed deer. ([FOIA Plum Island Reprints: 1955-Present P.41](#)), as well as ***Experimental Infection of White-Tailed Deer with Mycoplasma mycoides Var. Mycoides*** ([FOIA Plum Island Reprints: 1955-Present P.42](#))
22. Plum Island research showing numerous experiments infecting ticks with exotic disease: [Experimental Transmission of African Swine Fever Virus by Ornithodoros coriaceus, an Argasid Tick Indigenous to the US., "Potential arthropod vectors of African swine fever virus in North America and the Caribbean basin.", "Experimental transmission of African swine fever virus by the tick Ornithodoros \(Alectorobius\) puertoricensis \(Acari: Argasidae\).", "African swine fever virus infection in the soft tick, Ornithodoros \(Alectorobius\) puertoricensis \(Acari: Argasidae\)."](#)

23. Plum Island research infecting white-tailed deer with Ehrlichia infection- a rickettsial infection and common co-infection of Lyme disease: [\*Susceptibility of White-Tailed Deer to Experimental Heartwater Infections. Observation of Rickettsia ruminantium in Leukocytic Cell Cultures from Heartwater-Infected Goats, Sheep, and Cattle \(FOIA Plums Island Reprints: 1955-Present, page 58\)\*](#) .

24. Plum Island creates its own strain of Mycoplasma. [\*Immunogenic variation among the so-called LC strains of Mycoplasma mycoides subspecies mycoides.\*](#) (A triple fungal organism)

25. U.S. sells several hundred units of bio-weapons to Iraq for use against Iran. Details in [CONGRESSIONAL HEARINGS](#)

26. Edward McSwegan's shady letter to Senator Goldwater: [MCSWEEGAN LETTER](#)

27. ALDF (American Lyme Disease Foundation) - [ALDF Board 1](#), [ALDF Board 2](#):

[John J. Connolly](#), has connections to people in both **the Carlyle Group** as well as **DynCorp**. These are groups heavily involved with the **Bush family**, **Henry Kissinger**, **the Middle East**, and **the Communist Chinese**. Connolly has been director and board member of several companies like [Air Methods Inc.](#), a company involved in installing medical aircraft interiors involving people from **DynCorp.**, as well as entertainment groups and publishing companies like [Baker & Taylor LLC.](#), ran with members of **the Carlyle Group**. Connolly lists himself 100% Republican but shows numerous donations to [Chuck Schumer](#), the Democrat congressman from New York.

[G. S. Beckwith Gilbert](#) – **Council on Foreign Relations**, founder of a private banking firm **Field Point Capital Management Co**, **Executive Chairman of PASSUR Aerospace, Inc.** Gilbert is well connected to folks in such companies and institutions as **Northrop Grumman**, **the Federal Reserve**, **Goldman Sachs**, **Jp Morgan**, **GlaxoSmithKline**, **Pfizer**, and several other **biotech companies** and **investment firms**.

[John A. Ward III](#), a well connected **international banker** involved with **American Express**, **Chase Manhattan Bank**, **U.S. Century Bank**, and dozens of others. Well connected in the banking world and a heavy-hitter on **Wall Street**.

[Emil Henry Jr.](#), another serious player on **Wall Street**. Founder of **Tiger Infrastructure Partners**, a private equity firm, managing director of **the Lehman Brothers Equity firm**, member of **the**

**World Economic Forum** or **Davos Group**, a well known group within the global elite. Also a **Council on Foreign Relations** member.

[David G. Nichols Jr.](#), **Wall-Street banker** involved with Citibank, JP Morgan, Meryll Lynch, and several legal and global securities firms.

[Anthony J. Walton](#), **Council on Foreign Relations** Member with connections in banking, asian investments, well connected to just about every corporate kingpin you could imagine.

28. [Experimental vaccines](#) given to black and hispanic babies, not told the vaccine was experimental
29. Dr. Allen Steere, one of the original CDC, EIS officers in charge of Lyme disease outbreak in 1975, denying treatment and allowing to go untreated: [Long Term Course of Lyme Arthritis in Children](#), [letter written by a Dr. Michael Schwartz](#)
