FOX RIVER RACING CLUB UPDATE WITH REGARDS TO COVID-19 VIRUS

Plans for a late May opener still on tap at D-shaped, half-mile paved oval

KAUKAUNA, WI – The board members of the Fox River Racing Club (FRRC) continue to closely monitor the global and national data regarding the containment of the COVID-19 Virus. The Club Officers feel strongly that we must do our part to control the spread of the virus and are adhering to the State, National, and Global recommendations in this matter. This is a very serious time that requires ALL of us to be diligent in practicing social distancing. To that end, we are taking the following actions:

Officers are meeting online regularly to discuss the situation and plan accordingly.

Our March Meeting is transitioned to online only through Zoom Conferencing

Please go online to print and mail in your membership applications.

We are extending the deadline for discounted memberships to April 30th for this year only.

Our April meeting is currently planned for Face-to-face and online to provide you options but may change in the coming weeks

Our scheduled season remains intact at this point with the test and tune date set for May 9th and our opening night to be May 21st.

Our Track Workday is still planned for Sunday May 17th and we have a great list of improvements we all can help complete to improve OUR HOME TRACK!

We have held all major club expenditures for the next 30 days to manage club cash flows.

We thank you all for your support of these needed adjustments as we work our way through this globally challenging time.

Sincerely,

Kurt, Rob, Clint, Marty
