

**(KAUKAUNA, WI) August 30** –Freedom’s Brent Strelka saved his best performance of the year for the last night of racing at Wisconsin International Raceway in Kaukauna Thursday.

Strelka dove underneath race leader Alex Stumpf on the final circuit and pulled off the photo finish super late model win – his first here of the season.

Track champions were crowned in all the Fox River Racing Club’s weekly divisions. The champions included Edgerton’s Casey Johnson, who gave team owner Chase Motorsports their first ever super late model track title in ten years of racing.

Johnson wasn’t the only first time champion. Markesan native Jesse Bernhagen also clinched his first ever late model crown. Appleton’s Cory Kemkes won his first WIR ¼ mile late model track title. Brillion’s Rachel Meyerhofer copped the super stock crown, also her first.

Hometown driver Nathan Van Wychen captured a time shortened late model feature. The race was called early after Tarra Springstroh’s racer oiled the track down on the backstretch, sending her car into a spin. The victory was Van Wychen’s second feature flag of the year.

Menasha’s Jason Plutz followed suit, not only winning his first sport truck track title but also captured his eighth division feature win on the year. Appleton’s Andy Miller completed the sweep of new champions, by winning the Sizzlin’ 4 title for the first time.

Sturgeon Bay native Kelsy-Ann Hayes made WIR quarter-mile history by becoming the first lady to win a feature in the WIR ¼ mile late model class. Appleton’s Travis Willing won the second division feature.

Hometown driver Ed Howard fended off defending track champion Dylan Wenzel of Fremont to capture his second super stock main of the year.

In the Figure 8’s Craig Vanderwettering won the Figure 8 title.

Terry Van Roy merged triumphant in the Figure 8 feature.

Officials from both Wisconsin International Raceway and the Fox River Racing Club want to thank all of the fans, drivers, team owners, pit crew

members and officials for a great season. Please check our website [frrc.us](http://frrc.us) for more information on off season developments or follow the club's Facebook page.
