

Good morning Shooters,

We were finally able to present the beautiful custom knife made and donated by Jim Rodebaugh to the winner of the knife raffle from this past June.

Dave McNulty was the happy recipient of the knife. Dave was at the hammer in with Jim so he actually got to watch "his" knife being forged. Very cool!

Thank you to everyone who bought a ticket for your support of our range and a huge thank you to Jim for making and donating such amazing knives. We value your friendship and support! Thank you!

For those of you who would like to order a knife from Jim, here's his contact info:

We have one more knife made by Jim to raffle off in August. This raffle will be a reverse raffle meaning you want your ticket to be the last one drawn! Tickets will be \$20 each with only 100 tickets being sold. More info to come.
