

If you're an individual who believes that Princess Diane, (former) member of Great Britain's Windsor Royal family died in a car accident by fault of her chauffeur drinking-and-driving; you have the right of free-will to perceive the mainstream media's version of events as the truth; whereas, you'll waste-away time and thoughts in your one and only lifetime on beliefs which are false, but perchance you're not overly excited about these events and merely accept what you're told.

On the contrary, if you consider yourself highly interested and involved with such matters, then you need to align yourself with truth. Why? As stated previously, as far as we're aware, you only have one life to live and certain portions of God's gift of life are worthless and bombarded with Satanic lies and whilst we contemplate the negative effects this brings upon us; it's simply a waste of time and thoughts in your life.

Elton John dubbed Princess Diane *England's Rose*, because of the occult meaning behind the rose. This wasn't something specifically tied to Elton John, but others involved would certainly have recognized it had a deeper occult meaning just as her death was effortlessly apprehended as a ritual sacrifice. Thereupon, whilst commencing an examination into the occult symbolism used in the memorials to Diana's memory, firstly let's come to the realization that *Lady Di* represented the Sacred Feminine of paganism.

Lady Diana was typically considered by the media as the "People's Princess". A loving, caring and beautiful person, who retained all the attributes to befall into subject of modern idolatry. In other words, she fulfilled the Illuminati's/Freemason's need to worship a female goddess.

Diana was previously chosen and groomed for her role as a modern-day Goddess. Every action performed by these Satanic Occultist's, whether hidden or not, are all part of a larger role, a sort of play, they act-out in all their activities. To the Windsor House and other associates alike the House of Rothschild, 'twas known all along Diane would ultimately be sacrificed in accordance with ancient pagan practices.

This might sound preposterous to the average citizen not paying attention to the actions of the world's elite, nor the events continually unfolding in our modern society. At the bottom of this article I'll deliver an analysis explanation of these events listed below. Any media source or author who claims not to comprehend the occultism within these circumstances I'm provided; merely identifies this mainstream source as a liar and/someone who specializes in disinformation campaigns. The death of JFK was never and still isn't a mystery to our ruling-class or Congress, as the perpetrators blatantly took responsibility for the assassination directly after events unfolded.

- e.g. **Iraq War** (a)
- e.g. **Hegelian Dialect** (*false-flag*) **Shootings** (b)
- e.g. **I.S.I.S.** (*Goddess Isis*) **Mercenaries** (*media claimed Islamic Terrorist's*) (c)
- e.g. Assassination of Former-President John F. Kennedy (d)

The answers to these events can be read and/or downloaded on the Home Page of www.redeemingtruth.com in an article of PDF format titled **Occultism in the U.S.A. & Jewish Vampires**. A short explanation of e.g. (6) is presented at the end of pg. 3.

Numerous occult symbols have surrounded the events of her death and memorial, and are visible to everybody, yet only recognizable by those who have “*eyes to see and ears to hear*”.

Diana has been elevated to the level of Goddess in order to become the object of ritual sacrifice. This practice has been carefully planned by a secret group of illuminated people, often referred to as the “Illuminati”. It comprises world leaders such as the British Monarchy and they are known to be deeply versed into dark occult rituals; including extraordinary levels of pedophilia and child sacrifice.

The Goddess Diana

In Roman mythology, Diana was the goddess of nature, childbirth, hunting and the protector of the weak. She is the equivalent of the Greek goddess Artemis and she represents the Sacred Feminine, the female aspect of deity. Princess Diana bore the same attributes by being a protector of the environment, taking care of the weak in her missions in third world countries and by giving birth to the future heirs of England’s throne. Oaktree groves were especially sacred to the Goddess Diana. In Roman times, Diana’s groves and sanctuaries were always in the wild, outside of the boundaries of the city. Such hidden temples were found all across Europe. To further the resemblance with the Goddess bearing her name, Lady Diana was buried in a grove in her hometown (more on this later). The Goddess Diana is often depicted with deer and doves.

The female principle is often represented by the moon, where the Moon goddess is opposite to the Sun god. The feminine energy is also commonly associated with the planet Venus, represented in symbolism by a five -flower – the rose. The goddess figure appears unmistakably in all religions, even in Christianity as the Virgin Mary. These symbols representing the female deity exist since prehistoric times and were preserved and diffused through pagan mysteries and through mystic Judeo-Christian teachings. Today’s students of the occult easily recognize and interpret those symbols. We will later explain how they have been used to associate Lady Di with the concept.

Pont d’Alma Tunnel, the Sacrificial Site

As you might know, Princess Diana died in a limousine “accident” inside the Pont d’Alma tunnel, in Paris. Her vehicle was supposedly chased by paparazzi who caused the world-class chauffeur to lose control due to his inebriated state after consuming alcohol. We can argue for days about the theories concerning these events, but this is not the purpose of this article. The truth lies in the symbols placed on purpose for the initiates to recognize. One of them is the actual site where Diana lost her life, the Pont D’Alma Tunnel.

- The city of Paris was built by the Merovingians, a medieval dynasty which ruled France for numerous generations. Before converting to Christianity, the Merovingian religion was a mysterious brand of paganism.
- “...the Merovingian kings, from their founder Merovee to Clovis (who converted to Christianity in 496) were ‘pagan kings of the cult of Diana.’” – *Clive Prince, The Templar Revelation*

The **Pont D’Alma Tunnel** was a sacred site dedicated to the **Moon Goddess Diana**, where they used to practice ritual sacrifices. During those ceremonies, it was of an utmost importance that the sacrificed victim died inside the underground temple. The assassination of Diana was a reenactment of this ancient pagan tradition. Shortly after Diana was killed, **Rayelan Allan** (a researcher of esoteric history since the early 1970’s, who was also married to Gunther Russbacher, a deep cover CIA/ONI operative) wrote an article called “**Diana, Queen of Heaven**”. The article was picked up by numerous newspapers across the United States and Europe. Several authors who have written books about the death of Princess Diana used Rayelan’s article as reference. However, no one fully understood the deeper meaning of the article. Therefore, Rayelan decided to expand it into a book. The book states that in pre-Christian times, the Pont d’Alma area had been the site of a pagan temple of the goddess Diana and a direct gateway to heaven. Mindful of this safety net, the place was chosen by the Merovingian kings (AD500-751) to fight their duels, with the loser going directly to paradise. “Pont” means “bridge” and “Alma” means “soul” and for Merovingians, the site was a bridge across the “river of souls”. So, Pont de L’Alma, the site of the accident which killed Princess Diana, means “Bridge of the Soul.”

The Memorial Torch of Pont d’Alma

A Torch Mounted on a Black Pentagram

– Exact replica of Statue of Liberty Torch.

The torch is the ultimate symbol of the illuminated (people that have acquired the secret knowledge of the occult order). This torch above has become an unofficial memorial to Princess Di. The torch has reached this status because of its location, which is right on top of the Pont d'Alma Tunnel.

Forbidden Knowledge: The torch was placed on this location as an indication of her death being a well-planned assassination. Whatever the case be, the symbol of the torch or the eternal flame has been used in other high-profile killings, i.e. the **JFK Tombstone**. Kennedy dove by a Masonic Lodge with the roof of the convertible vehicle down on Nov. 22nd! [33]. This is amazing to me because JFK knows all about the Mason's & their sacred number of 33. Directly in front of the Masonic Lodge in Dallas, across the street lying on the green, is Kennedy's memorial tomb. This location chosen as an act of insult as the Mason's then constructed an everlasting flame (possibly propane fed) directly on top of his burial site; displaying to the whole world who took his life and we know it was retaliation for publicly speaking against Secret societies in America, Anti-Media rants, and ultimately he challenged the Federal Reserve by placing 5 million dollars into circulation that was backed by silver; not merely de-facto money; known as fiat money.
