Letter of Reference

RE: Wafa Haddad

Dear Sir/Madam:

I am writing in support of Wafa Haddad's application for registration of the organization that she heads, Noor's Heaven of West Michigan Services, as a vendor with United Nations Global Marketplace. I must confess that I have little knowledge of what that might entail, but I have known Ms. Haddad for over 12 years, first as a client and then as an interpreter, a referral source, and a board member for our organization.

Ms. Haddad has devoted herself to working tirelessly for Arab refugee families in Kent County, Michigan. She is a dedicated and compassionate person who takes a deep interest in helping people that others may ignore or have trouble understanding, and she helps people struggling with a strange language and culture in our community to obtain appropriate services.

If you have any questions about Wafa Haddad, please feel free to contact me at (616) 608-8033 or gtasker@legalaidwestmich.net.

Sincerely,

LEGAL AID OF WESTERN MICHIGAN
