DICKIE DALE TROPHY

ROY HESKETH CIRCUIT
PIETERMARITZBURG
26th DECEMBER 1968

**3-HOUR
ENDURANCE**

**JOHN TRUTER, winner of the 6-Hour Endurance Race,
speaks from experience—**

"Dynamometer tests in our workshop at BRAMHILL SERVICE STATION prove that anything up to 5 b.h.p. extra is obtained from a motor to which **LUBRI-LOY** has been added to the regular oil. This confirms **LUBRI-LOY**'s claim to make any oil 'OILIER', thus reducing friction and engine wear — and of course, it results in more miles per gallon of petrol. Let our expert mechanics demonstrate just what **LUBRI-LOY** will do in improving the performance of your car, and remember, we are always at your service for ALL TYPES OF REPAIRS at COMPETITIVE PRICES".

TELEPHONE 25190 or 25844

and ask for John Truter, Brian Boik or Hermann Barnard.
An **APPOINTMENT** to discuss YOUR CAR will be arranged
at YOUR CONVENIENCE.

ALBERTO PAGANI is 31 and comes from a racing family for his father Nello was a works rider for Gilera and MV, and was eventually the latter's team manager, so much experience has been handed down to Alberto.

Alberto is married (to Frank Perris's sister-in-law), and has a four-year-old daughter. He started racing in 1956 on a 125 cc MV and in that year won the junior Italian championship. In 1967, he was second in the 350 cc world championship, and last year won the 500 cc class in the Italian TT.

Today he will be mounted on a two-pot Linto, which, with Frank Findlay, he helped to develop.

PHIL READ is the only overseas rider competing today who has previously ridden at Roy Hesketh circuit, and that was nearly a decade ago. In 1968, he won a double crown when he took both the 125 cc and 250 cc championships, beating Jim Redman in the latter.

At Roy Hesketh he will be seen on a Yamaha TD2 plus a TR3, but, it is believed, he will be riding a 500 cc Spanish Ossa in this year's world series. Recent successes include 250 cc and 350 cc wins in the Italian GP on Yamahas, and testing Agostini on the 350 cc MV at Brand's Hatch.
