BRONZE MASTER PACKAGE

The reason behind "Master Package" is to provide different streams of services which when used together makes the brand, website and presence grow in this fast paced world.

We realize to achieve this goal, a business needs access to a multitude of services. These packages ensure that the business gets the proper care they need without any services missing.

BRONZE MASTER PACKAGE

Purpose of Package

The Bronze package was created to ensure functionality and keeps the website maintained smoothly without interruption. We also want to ensure that what keywords the prospect client is searching for in Google, Bing or Yahoo are found in the text of the website. This will ensure relevancy and strengthen the search engines algorithm in displaying the business website link on their results page.

Included in Package

- Basic Website Requirements
- Monthly image tags and link verification
- Monthly proofreading content and keyword text insertions.
- Unlimited website changes upon request
- Istock Image – Limited Version

Package Main Deliveries

- Basic Website Maintenance
- Light Search Engine Optimization
- Light Website Design Service
