I am a resident of Sri Lanka living in a suburb of capital Colombo. Attached herewith is a news item that appeared in local newspaper Daily Mirror on 1st August 2006, regarding a reported appearance of aliens. In recent weeks there were several reports on UFOs in Sri Lanka and I am sending this news item as I thought it may be interesting for you. A local Sinhala language Sunday newspaper named Rivera also referred of the same incident last Sunday and they carried a picture claiming to be a footprint of an alien. That picture is also attached. I am only sending these reports that appeared in our newspapers and I do not take any responsibility for their accuracy.

Note: The event took place near Tharuka Rest Inn & Hotel. They reported pink lights in the sky.
