

## **2007: Luxembourg, Luxembourg**

August 25, 11:35 pm

Source: e.mail of the witness to Brian Vike  
of HBCC Canada

I saw three lights, surrounded by a faint aura like light, shooting from a northeast to southwest direction at a high rate of speed (much faster than an aircraft) at about 30,000 feet altitude.

**Reliability evaluation:**

**- high -**

**one single witness only; no reports from other residents;  
possible military craft and apparently no relation with  
UFOs; no investigations available**
