Buin, in Papua New Guinea, the positively site

Australian ufologist Keith Basterfield indicated in 2005 that, under hypnosis, a woman recalled when she was 12, in 1978, in Papua, New Guinea she was abducted. She declined further investigations "due to the nature of the accounts", and no published version of the case exists.

Reliability evaluation:

- false -

**one single witness only; event discovered 17 years later;
no evidences and no investigation; insufficient details;
inconsistent**
