

## **1979: Motonau, New Zealand**

October 27, unspecified hour of early morning

Source: UFO The Complete Sightings by Peter Brooksmith

*Frame of the film*

Two former New Zealand Air Force photographic analysts called the picture “inscrutable”. It was one of a series taken in the early morning, and only one frame on the film contained the UFO image. No one saw or heard the object in the sky at the time.

### **Reliability evaluation:**

**- low -**

**no investigation of the film available;  
insufficient details; possible hoax**
