

## 1965: Nablus, Palestine

August 15, round 2 am  
Source: book of Jacques Vallée

*Probable site of the incident*

On August 15, 1965, at 02:00 am, in Nablus (Jordan), a guard saw a boat-like object flying at high speed, with red flames on its sides. It circled and came low over a farm. In fear, the man fired at it with his rifle.

Around 2008, a website indicated the duration of the episode being more than one minute and that the silhouette of a being was seen.

Points to consider:

The only source available is the Jacques Vallée's UFO landings catalog. Such list did mention any landing of the supposed object, and did not mention any occupant too. If there are other different sources, are completely unavailable at the moment.

### **Reliability evaluation:**

**- very low -**

**one single witness only; supporting declaration from other  
supposed witnesses not available;  
no investigation nor other sources available;  
military craft, prank or false cannot be excluded**
