

## **2005: Istebna, Poland**

June 8 or 10, unspecified hour of the evening

Source: woe\_vp@pl.com

*Sketch of the humanoid seen*

*The woods of the alleged encounter*

The witness claimed he was walking with his girlfriend through a forest path when they noticed a strange light within the woods. After walking for about 2 meters the man decided to go back and investigate the light source. He then saw a strange

entity that looked like a man holding what appeared to be a luminous stick or rod on one hand. The figure was shaped like a man. The man and his girlfriend then left the area.

**Reliability evaluation:**

**- medium -**

**supporting declaration from the other supposed witness  
not available; no reports from other residents;  
insufficient details; possible beekeeper / apiarist or prank**
