

# GreenLight Credentials

Dallas ISD has partnered with **GreenLight Credentials** to provide our students with instant access to their transcripts and other academic credentials.

## What does that mean for students?

Whether you need to send an official transcript electronically or print an unofficial copy for your own records, students will be able to request and access official transcripts from **GreenLightLocker.com** instantly.

**GreenLight** has partnered with a select number of universities to send transcripts to officially, which can be found here: <https://www.glcredentials.com/receiver-landing-page>

## How do you register?

- If you already have a GreenLight account through Dual Credit, you don't have to re-create one. You will just claim your DISD-provided enrollment code.
- Go to <https://www.greenlightlocker.com/>
- Under "Students," click "Sign Up."
- Insert your DISD enrollment code in the appropriate box, along with your DOB and last name.
- Once you've verified your enrollment code, create your GreenLight account using an email that you check and a username that you will remember.
- You will be prompted to confirm your email, after which you can log into your account on <https://www.greenlightlocker.com/>
- NOTE: **Students under 18** will need parent approval before transcripts can be sent to educational institutions or others. A parent will need to register on **GreenLightLocker.com** using the same enrollment code given to the student.
