NE STEM Enrichment Camp 2020

One Exciting and Engaging Week

Sponsored by the Northeast PTA

STEM(science, technology, engineering, math)

Artist/Writers Workshop

Presented by NE teachers: Melissa Crawford and Paula Kilts
melissa.crawford@icsd.k12.ny.us pkilts@icsd.k12.ny.us

July 20-24 from 8:30-3:00

COST: \$325 (includes cost of all supplies)

A fun-filled week for students entering grades 2-6

STEM - an exploration into science and math that inspires children to imagine, problem solve, design, create, and evaluate.

Artist/Writers - a dynamic week of creativity in reading, writing, and art. Using watercolor and crayon resist paintings, students will create a beautifully illustrated book. Pairing art and writing builds vocabulary and strengthens writing skills.

*If you are interested, **register your child as soon as possible** by completing and returning the information below with a check written to NE PTA to the NE School office. A waiting list will start when this one-week session is filled.
