Indoor Flying

October 20, 2019

It was another good day at the indoor flying session on Friday.

Members and friends of Rose City Model Flyers were out to take advantage of our premier flying location.

We had a group of 19 pilots, out to fly the friendly indoor skies and things went well .

Lots of fun was had by those that were able to attend.

"Some pics to enjoy "

" </*^ " little airplanes & big fingers, I will get it I know I will !

Big Mike in a tight hover up close and personal.

The flight line, again.

Could be some foolishness on the go or maybe just some fun.

Sam and his birdies.

The flight line yet again.

Peter has touched down on the box !

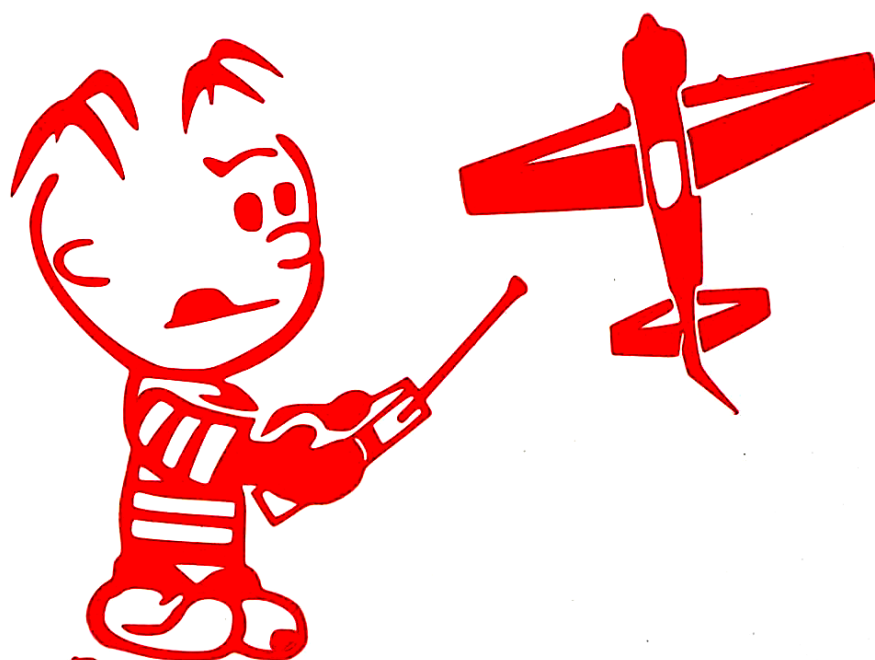

Here we have Max secluded at the far end spinning up the "rotor bird ".

So there you have it, another great day of indoor flying with good fun enjoyed by all that could make it out.

It's a great way to spend a couple of hours and you don't necessarily have to fly, just come out and chat with the boys.

Hope to see you next week.
