Indoor Flying

December 22, 2019

It was another good day at the indoor flying session on Friday.

Members and friends of Rose City Model Flyers were out to take advantage of our premier flying location.

We had a group of 24 pilots out to fly the friendly indoor skies and things went well .

Lots of fun was had by those that were able to attend.

"A pic to enjoy "

The Flight Line

Here we have Tim Bigelow with his daughter Kaylee, a fourth year Brock University student with a little time off. It was great to have a visit with Kaylee and watch her fly Dads plane.
ps: She didn't end up in the netting !

A few " OLD " guys aviating !

Our flight instructor having a break.

*More "OLD" guys flying
but NO Tony or Max !*

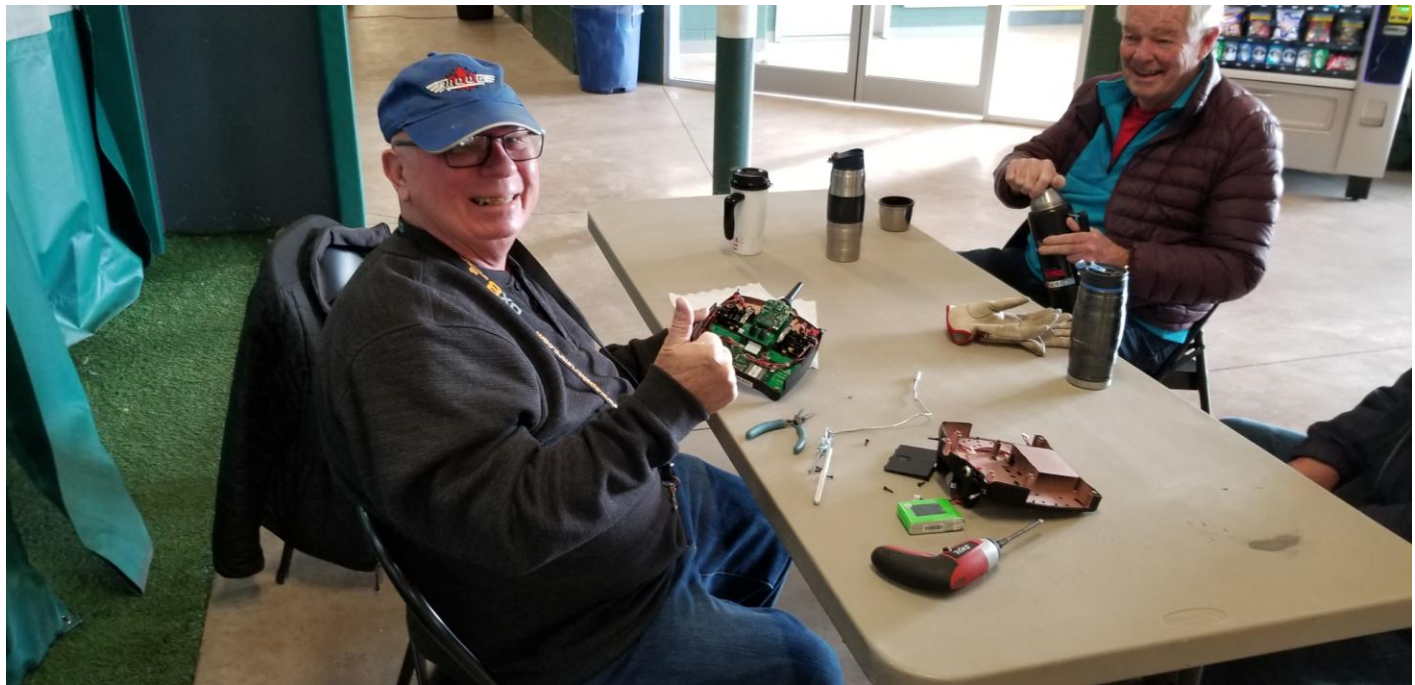

More flight line

I am sure you all miss seeing our man Sam stuck in the net or up in the balconey or somewhere. Today I found out why, here he is being watched by Al, stripping down his transmitter for an adjustment.

Our Man "Sam"

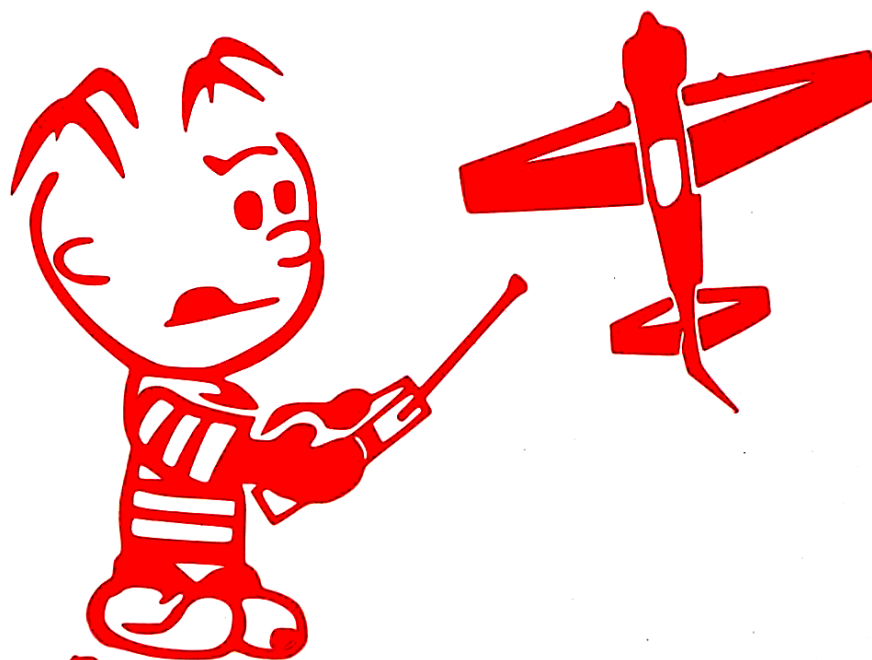

So there you have it, another great day of indoor flying with good fun enjoyed by all that could make it out.

It's a great way to spend a couple of hours and you don't necessarily have to fly, just come out and chat with the boys.

Hope to see you next week.

Bob

Rose City Model Flyers

*Where the flying season never
ends !*

Happy holidays to all, be safe, have fun. Come
see us Friday and bring the "NEW" plane that
Santa brought you.

(or did you get coal instead)

Bob
