## **Self-Support: Principle and Practice**

Being self-supporting is an important part of our new way of life. For the individual, this is usually quite a change.... We, who were unable to function as human beings, now find that anything is possible of us. Dreams that we gave up long ago can now become realities.

Addicts as a group have been a burden to society. In NA, our groups not only stand on their own, but demand the right to do so.

—Basic Text: Tradition Seven

### **The Principles of Selfless Giving and Self-Support Gratitude in Action**

**A** recovering addict reaches out to help a newcomer, and, through the therapeutic value of one addict helping another, kindles the spark of hope and willingness in that new member's heart as only a fellow-addict can. A newcomer helps clean up after a meeting, and begins to feel the sense of belonging and acceptance that come from helping other human beings in an act of selfless service.

**A** member shares experience, strength, and hope in a meeting, seeing the nods of recognition and empathy— and hearing the grateful peals of laughter—evoked by their having opened their heart to others who know the sorrow, and the joy, of being addicts in recovery. A member who's been around a little while offers a newer member a ride, and unwittingly begins a friendship that will outlast the car in which they ride together to the meeting. Trusted servants at their home group take great care to ensure that there is literature on the table, that the rent is paid, and that there are modest refreshments, creating a welcoming atmosphere of recovery for that shaky newcomer in the parking lot debating on whether to come into the meeting.

**As** we learn to live the principles of Narcotics Anonymous, we learn to give of ourselves in ways we could never have imagined in our active addiction. This selfless giving becomes a living principle when we reach out to lend a hand and help others. We begin to understand that the principle of self-support is at the very heart of our program, and the paradox of our growing willingness to be of service is summed up in a line from our steps and traditions book, *It Works: How and Why*: "The more we help others, the more we help ourselves." Discovering this truth lends real meaning to our belief that "we keep what we have only by giving it away." As we learn to live this program, we find that gratitude is an action, and we put our gratitude into action by offering help and support to our fellow members through service.

# NEWCOMERS

You don't have to be clean when you get here, but after Your first meeting we suggest that You keep coming back and come clean.

You don't have to wait for an overdose or jail sentence to get help from NA, nor is addiction a hopeless condition from which there is no recovery.

it is possible to overcome the desire to use drugs with the help of the Twelve Steps Program of Narcotics Anonymous and the fellowship of recovering addicts.

Addiction is a disease that can happen to anyone. Some of us used drugs because we enjoyed them, while others used to suppress the feelings we already had.

Still others suffered from physical or mental ailments and became addicted to the medication prescribed during our illnesses.

Some of us joined the crowd using drugs a few times just to be cool and later found that we could not stop.

Many of us tried to overcome addiction and sometimes temporary relief was possible, but it was usually followed by an even deeper involvement than before.

Whatever the circumstances, it really doesn't matter. Addiction is a progressive disease such as diabetes. We are allergic to drugs. Our ends are always the same: jails, institutions or death.

If life has become unmanageable and you want to live without it being necessary to use drugs, we have found a way. There are twelve steps that help us overcome active addiction and gain manageability of our lives.

Recovery doesn't stop with just being clean.

As we abstain from all drugs (and yes, this means alcohol and marijuana too) we come face to face with feelings that we have never coped with successfully. We even experience feelings we were not capable of having in the past.

We must become willing to meet old and new feelings as they come.

## 24-Hour Helpline

(866) 935-8811

We learn to experience feelings and realize they can do us no harm unless we act on them. Rather than acting on them, we call an NA member if we have a feeling we cannot handle. By sharing, we learn to work through it. Chance are they've had a similar experience and can relate what worked for them. Remember, an addict alone is in bad company.

The Twelve Steps, new friends, and sponsors a help us deal with these feelings. In NA our joys are multiplied by sharing good days; our sorrows are lessened by sharing the bad. For the first time in our lives we don't have to experience anything alone. Now that we have a group, we are able to develop a relationship with a Higher Power that can always be with us.

We suggest that you look for a sponsor as soon as you become acquainted with the members in your area. Being asked to sponsor a new member is a privilege so don't hesitate to ask someone. Sponsorship is a rewarding experience for both; we are all here to help and be helped. We who are recovering must share with you what we have learned in order to maintain our growth in the NA Program and our ability to function without drugs.

This program offers hope. All you have to bring with you is the desire to stop using and the willingness to try this new way of life.

Come to meetings, listen with an open mind, ask questions, get phone numbers and use them. Stay clean just for today.

## **The Helpline sub-committee**

maintains a telephone information service for Narcotics Anonymous that helps addicts and others in the community find us easily and quickly.

Helpline volunteers often serve as the first point of contact between the community-at-large and the NA Fellowship. For this reason, it's vital that careful attention be paid to the work of this sub-committee.

# EXPERIENCE \* STRENGTH & HOPE

## THE REWARDS OF RECOVERY

For so many years the disease controlled my life, trying to extinguish, take away, and darken my soul until death.

Now for almost 18 years I strive to reach a positive goal. Which consist of walking into a room of love and compassion.

For some this may take awhile. But when we give ourselves a break and think on a more positive level, that day is on the way, and gradually sanity will find a way. When returning to sanity we are willing to surrender to our higher power. Once we surrender we open the door for our higher power to allow us to experience the serenity, which gives us that inner peace no matter what the situation maybe.

I have learned through group experience, that those who attend N. A. Meetings regularly, have a greater chance of remaining clean.

By staying clean, we open the door to recovery. By working with a sponsor, that has a working knowledge of the steps , we work the steps and practice the application of applying them to all our affairs during our everyday lives.

We began to recover, maintaining our sanity, through prayer and meditation, we develop new relationships, acquire those things necessary to survive and thrive. We become productive members of society. We no longer feel useless or selfish. Humility and gratitude are seen coming forth, more and more as we continue to practice principles before personalities.

***IT WORKS IF YOU WORK IT, SO WORK IT, YOU ARE WORTH IT!!!  
KEEP COMING BACK, MORE WILL BE REVEALED.***

Thank you for letting me share.

# Narcotics Anonymous

WORLD SERVICES

## About Us

### What Is Narcotics Anonymous?

Narcotics Anonymous is a global, community-based organization with a multilingual and multicultural membership. NA was founded in 1953, and members hold nearly 67,000 meetings weekly in 139 countries today.

### What Is the Narcotics Anonymous Program?

NA is a nonprofit fellowship or society of men and women for whom drugs had become a major problem. We are recovering addicts who meet regularly to help each other stay clean. This is a program of complete abstinence from all drugs. There is only one requirement for membership, the desire to stop using. We suggest that you keep an open mind and give yourself a break. Our program is a set of principles written so simply that we can follow them in our daily lives. The most important thing about them is that they work.

There are no strings attached to NA. We are not affiliated with any other organizations. We have no initiation fees or dues, no pledges to sign, no promises to make to anyone. We are not connected with any political, religious, or law enforcement groups, and are under no surveillance at any time. Anyone may join us regardless of age, race, sexual identity, creed, religion, or lack of religion.

We are not interested in what or how much you used or who your connections were, what you have done in the past, how much or how little you have, but only in what you want to do about your problem and how we can help. The newcomer is the most important person at any meeting, because we can only keep what we have by giving it away. We have learned from our group experience that those who keep coming to our meetings regularly stay clean.

### What Is NA World Services?

The basic purpose of our world services are communication, coordination, information, and guidance. We provide these services so that our groups and members can more successfully carry the message of recovery, and so that our program of recovery can be made more available to addicts everywhere.

# North Dade Area Service Structure

## Service Statement

"Everything that occurs in the course of NA Service must be motivated by the desire to more successfully carry the message of recovery to the addict who still suffers.

It was for this reason that we began this work. We must always remember that as individual members, groups and service committees, we are not and should never be in competition with each other.

We work separately and together to help the newcomer and for our common good. We have learned, painfully, that internal strife cripples our Fellowship; and prevent us from providing the services necessary for growth."

## Steps\* Principles\* Traditions\* Concepts

### Twelfth Step

*Having had a spiritual awakening as the result of these steps, we tried to carry the message to addicts, and to practice these principles in all our affairs.*

### Twelfth Principle

*Sharing and caring is the active and passive forms of love that keeps us alive and allowing God to use us as instruments.*

### Twelfth Tradition

*Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.*

### Twelfth Concept

*In keeping with the spiritual nature of Narcotics Anonymous, our structure should be one of service, never of government.*

## Steps\* Principles\* Traditions\* Concepts

### First Step

*We admitted that we were powerless over our addiction - that our lives had become unmanageable.*

### First Principle

*Hope gives us something positive to look for and move towards. We can admit our need for help as we begin to share in our common welfare.*

### First Tradition

*Our common welfare should come first: personal recovery depends on NA unity.*

### First Concept

*To fulfill our fellowship's primary purpose, the NA groups have joined together to create a structure which develops, coordinates and maintains services on behalf of NA as a whole.*
