

Blox for the Child (both physical and metaphorical).

Take delight in coloring blocks

Or maybe

Not everyone we know has the opportunity to realize his or her American Dream

Some are beyond our borders

Others may be physically, cognitively or emotionally incapable

A few might be institutionalized or simply lost

Many have died

Remember the people we love who are not able to manifest their Dreams

Recall their names

Draw their names(s) on blocks

Glue the blocks together

Shape your loved one('s name) in your hand while you press the blocks together

Hold your loved one tight

Carry your loved one outside and toward the water

Water symbolizes life

Set your loved one down on the water.

And as you pursue your Dream somewhere along the *Bridge of American Dreams...*

Those we love—and are incapable of sharing in our dreams—are still in our lives

Right there on the water—still in our lives

Just beyond our Vision

But symbolically—and in our hearts—always with us

Remember and **cherish** those who cannot be with us
