

WESTCOUNTRY 3 COME TO BATTERSEA

Three North Devon painters, who gain inspiration and subject matter from their beautiful landscape, have taken the very unusual step of banding together to stage a series of collaborative National exhibitions.

Prior to launching the gallery space at Bristol's new Colston Hall Foyer, the recently formed Keiron Leach, Creydi Nevill and Ed Crumpton have an exhibition with us here at Acquire Arts from 9-18th August 2010.

Each member has a distinct style which they say makes for a rounded and interesting show. You can get the full story on this energetic trio at www.onshow.org.uk, with "meet the artist" video clips, tours of their previous shows, and even a virtual gallery to be enjoyed from the comfort of your own home office swivel chair!

They would love to see you here at Acquire Arts in person and extend an invitation to either of their PV's which will be held on Sun 8th & Sat 14th August at 5-10pm.
