I understand the above vehicle is subject to tow without notice at my expense after the following end date. Proper parking permit must be displayed in vehicle on rear view mirror at all times while stored in the parking lot. Safe listing your vehicle only pertains to the numbered spots in the parking lot and the surrounding perimeter. It does not apply to the city streets. All other VTH parking rules still apply. Direct any questions to the property manager, Brenda Cooney, at 714-508-9070 x241.
