

Tugman

**I was born on the water
Right where I'm supposed to be
A lovin' water junkie
Is blowin with the breeze
Up and down the Westcoast
Ain't much I haven't seen
People pay big bucks to see the stuff I see for free
I'm a Tugman, that's what I am
I'm a Tugman**

**Sometimes Hell, mostly Heaven
Ready to go twenty-four seven
Two thousand feet of wire on the spool
Ten thousand gallons of diesel fuel
Whatever Mother Nature wants to throw at me
Bring it on, it's my destiny
I'm a Tugman, yes I am
I'm a Tugman**

**Well you only got one life to live
And I'm sure living mine
Never know what's gonna happen
Always at the end of the line
Moments of panic
Hours of boredom
Bad mistakes you just can't afford 'em
Livin' on the edge, no regrets
And I know I ain't seen nothin' yet
I'm a Tugman, yes I am
I'm a Tugman, I don't work on land
I'm a Tugman**
