

Credits:

Credits are the currency used in ArcGIS and Business Analyst to complete certain actions on the site such as running a report or viewing an infographic.

Viewing your Credits:

You can view your remaining credits on your dashboard on Site to Do Business. The remaining credits on your account will be listed next to the ArcGIS and Business Analyst buttons on your dashboard.

Purchasing Additional Credits:

Additional credits can be purchased by selecting the plus sign next to the remaining credit display on your Site to Do Business Dashboard. Credits can be purchased at a rate of 1,000 credits for \$100 dollars.
