Why spend half your day stuck in traffic? With the price of gasoline constantly rising and long (and longer!) commute times, arguments about living in the suburbs are losing steam. Think of the money you spend on travel and commuting every month and consider putting that into your home - whether it's an upgrade or a new move. Come and enjoy one of the most livable and desirable cities in the world. Entertainment, night life, food, fashion and friends - visit a museum, a park, even the corner store with ease and compare that to what is available outside the city core.

Contact us today and let us help you with:

- a guide for first timers or for those more experienced
- an estimate as to the true value of your home
- learning about all costs involved in moving
- advice on preparing your present home for the market
- the best time to sell your home (you might be very surprised!)

If you have been dreaming of something MORE, if you are ready for a CHANGE - call us today and let us work together toward achieving your goals! We are here for you every step of the way.

***These maps represent the average prices of freehold houses only. If you, or someone you know, would be interested in similar statistics for condominiums, please contact us directly.*
