Please remember to send your deposits as soon as possible you will be sure to have a seat on the bus. Also please remember that Sharon needs to know at least 10 days out before a scheduled trip, because she needs to cancel the bus a week out if she doesn't have enough people. She has canceled several trips only to have people call her a couple of days out. She could have taken those trips if they had called sooner. When you call and cancel less than a week before an overnight trip, Sharon may keep part of your deposit to cover room charges. Remember that times, dates and casino offers are subject to change.
