Please remember to send your deposits in on time. Sharon must put a deposit down on a set number of rooms and of course book the bus. There have been too many times that she has not gotten enough people to cover expenses, so then she cancels only to have several people call her the week before to book. When you cancel a trip a week before we go, Sharon will have to use part of your deposit to cover expenses already made. If she has to cancel the trip, all deposits are sent back to you. Please also remember to always bring an approved identification with you or you will not receive casino offers.

Please contact Sharon at:
