

WISDOM JOURNAL

DAY 21

SUBJECT: POSITION YOURSELF

In order to maximize the gift of **LIFE** you must understand how to **POSITION YOURSELF**. Life is all about position. The way in which you are positioned will determine what you will attract, how people will treat you and what will happen to you.

You can thank me later, lol. I just saved you \$19.99 on the purchase of your next philosophical book on life. People do not fight over power, they fight over **POSITION**. People do not fight over money, they fight over **POSITION. EVERYTHING** boils down to position.

Every historical figure that has made an impact in the world fought for position. Jesus fought the Pharisees to attain the position to be our Lord and Savior. Dr. King fought racism so he could attain the position to magnify his voice for equality.

My entire life has been a battle over position. I have scrapped and crawled to attain certain positions in life. Such as a righteous position with God. A wise position amongst the public and a prosperous position as it pertains to myself.

Whether you realize it or not your entire life has been a battle over **POSITIONING**. Everything **GOOD** you have attained has come from you being in the **RIGHT** position. Everything **BAD** that has happened to you has come from you being in the **WRONG** position.

People who are highly respected and admired are positioned in places of honor. People who are overlooked and neglected are positioned in places of despair. You get the point.

John 12:26 says, "*If anyone serves Me, he must follow Me; and where I am, there My servant will be also; if anyone serves Me, the Father will honor him.*" *(The people who are positioned as a servant to King Jesus will be honored by God.)*

TAKEAWAY: FIGHT for your position. If you want the best out of life learn to position yourself in places that **ATTRACTS** honor. When you position yourself in the right places you will attract goodness!
