

# WISDOM JOURNAL

## DAY 30

### SUBJECT: PAIN BEFORE PURPOSE

I've heard many people declare that they want to walk in their purpose. This is a wonderful idea. However, most people do not realize that the **REQUIREMENT** to walking in divine purpose is going through **NATURAL** pain. Oh, I learned this lesson the hard way.

I prayed to the Lord that He allow me to walk in my divine purpose. I thought walking in my purpose would **EXCUSE** me from experiencing worldly pain. I was so wrong. Come to find out, worldly pain presents itself **BEFORE** you walk in your divine purpose. Please understand what I just said.

You may know your purpose before you inherit pain. However, you will **NOT WALK** in divine purpose before you experience worldly pain. Carrying the burden of pain, heartache, disappointment and anger causes you to appreciate the glory of divine purpose. King Jesus was

purposed to be our Lord and Savior. However, **BEFORE** He became our Lord He suffered great pain from the world.

The world rejected Him. They mocked Him. They lied on Him. They beat Him. They abused Him. They betrayed Him.

After all the pain King Jesus went through **AFTER** He died on the cross and rose from the dead He rose with all power in His hands. The moment He defeated death He inherited His divine purpose...**LORDSHIP!**

Matthew 28:18 says, *"And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth."*

**TAKEAWAY:** Don't let the pain of the world discourage you. The pain you are carrying is **TRANSPORTING** you to your divine purpose. There is always Pain **BEFORE** purpose.
