

VISION

By: Fountain Hendricks

Proverbs 29:18

A person who is void of vision will live in darkness. A person who is void of vision will walk without a purpose. A person who is void of vision will live discontented. Having a vision empowers you to **LOOK PASS** your circumstances. It also enables you to **FIGHT THROUGH** the despair of your current reality.

Unfortunately, many people do not value the importance of having a vision. When you see people stuck on life's treadmill, moving fast **WITHOUT** moving forward they are **VOID** of vision. You can't live without air and you **CAN'T** live without a vision.

Proverbs 29:18 says, "*Where there is no vision, the people perish: but he that keepeth the law, happy is he.*"

WHAT IS IT FOR?

Have you ever asks yourself the question, what is it for? What are you working for? Why are you building a business? Why are you working 60hrs a week? Why are you sacrificing so much? When you can't identify **WHY** you are doing what you are doing you are **VOID** of vision.

The size of your vision will determine the level of your motivation. People who have a small vision allow their reality to **OVERSHADOW** their future.

Wisdom Note: Your vision should always be bigger and brighter than your current reality.

When God created the trees, He had a **VISION** that humanity would make wooden chairs, tables, cabins, logs,etc. When the Lord formed man from the dust of the ground He had a **VISION** for the man to walk in dominion over the earth. When God created the garden of Eden He had a **VISION** for the garden of Eden to be a place where He could dwell in the same environment as humanity.

God never did anything without having a vision **FIRST**. He never designed anything without having a vision **FIRST**. He never created anything without having a vision **FIRST**. The reason why God is content with everything **HE MADE** is because everything **HE MADE** has **FULFILLED** His original purpose.

The secret to being content is **NOT** doing what makes you feel good. It's **NOT** doing what pleases you. It's fulfilling your vision. For example, if your vision is to graduate from college with a 3.0 grade point average every dollar, sacrifice and hour invested into studying will **NOT** be regretted if you've **FULFILLED THE VISION**.

Whatever activity you're involved in, ask yourself this question, what is it for? If you don't have a vision for the activity you are doing the results will always **DISAPPOINT YOU!**

ADJUST YOUR VISION

As your taste changes, your vision should change. As your perspective changes, your vision should broaden. When your knowledge increases, your vision should expand. Every time you accomplish an **OLD** goal you should create a **NEW** vision.

President Donald Trump understood this principle. In the 80's Mr. Trump's vision was to become a real-estate tycoon and a billionaire. When He achieved this, he **RE-EVALUATED** his vision. His vision became bigger. He saw himself becoming the President of the United States of America and achieved it.

Remember, your vision should be **RE-EVALUATED**, **ADJUSTED** and **PURSUED**. The day you begin to work void of having a vision is the day you will feel *hopeless*, *bored* and *lost*. Having a vision brings life. Having a vision brings hope. Having a vision energizes you with passion.

If you choose to live without a vision you will die in the despair of darkness and hopelessness. People who walk with vision **DO NOT** focus on what is in front of them. They focus on what is **AHEAD** of them.

IF YOU LIVE WITHOUT A VISION YOU WILL
PERISH!
