

# BELIEVE

By: Fountain Hendricks

(Mark 9:23)

How much could you achieve if you **BELIEVED** it? How far could you go if you **BELIEVED** it? What could you possess if you **BELIEVED** it? The answer is any and everything. Anything is possible if you believe it. Unfortunately, we have a problem believing.

## WHAT IS BELIEVING?

Believing is **NOT** a verbal affirmation. It is **NOT** a spiritual declaration. It is a **THOUGHT** that is put into **ACTION**. Remember, faith without works is dead.

A dream without a plan is a wish. A plan without effort is useless. In order to see the power of your belief manifest you must **LEARN** to put it in **ACTION**.

## PUTTING YOUR BELIEF TO WORK

Mark 9:23

Mark 9:23 says, "*Jesus said unto him, if thou canst believe, all things are possible to him that believeth.*" Think about this. Jesus said **ALL** things are possible. The only things that are out of your reach are the things you **REFUSE** to reach for.

The greek meaning for the word believe means to **COMMIT**. When a person commits themselves to something they are extending their trust. People who believe in what they are doing do not see problems.

They see **OPPORTUNITIES**. They see an opportunity to be creative. They see an opportunity to build their skills. They see an opportunity to learn and grow in knowledge. All things are possible for those who believe.

Here's why? People who believe do not see opposition. They see opportunity. Confucius said, "*The man who thinks he can and the man who thinks he can't are both right.*" People who believe do not think they can make it. They **KNOW** they can make it.

## ARE YOU COMMITTED?

People who believe in what they do are not the smartest or most talented. They are highly **COMMITTED** to their endeavor. Nothing can stop them. Nothing can discourage them. Nothing can distract them. Nothing can hold them back.

When you **COMMIT** yourself to what you do all things will become possible! It is that simple. If you learn how to commit yourself to your endeavor you have mastered how to believe. People who are committed are **PATIENT** in what they do.

They are **DETERMINED** in what they do. They are **CONSISTENT** in what they do. People who are committed **NEVER** take no for an answer. Committed people are **RELENTLESS**. Committed people **NEVER** give up.

When you believe in what you do you will achieve everything possible. Please remember this. Faith is not tested immediately. It is tested over time. The iconic boxer Muhammad Ali believed in the early stages of his career that he was the greatest boxer of all time.

Years later, the belief he had in himself was validated because his faith was tested over time. Muhammad Ali's **COMMITMENT** to his craft manifested his belief in himself.

Here's my question to you. Has your commitment manifested what you believe in? If the answer to this question is no, you need to learn how to believe.

COMMITMENT IS THE GREATEST PRICE YOU  
WILL PAY FOR MANIFESTATION.
